

## Decision Letter

Re: PW13.9

### Public Works and Infrastructure Committee

PW12.13	ACTION	Deferred		Ward:8
---------	--------	----------	--	--------

#### Traffic Control Signals - Finch Avenue West, 280m West of Sentinel Road and the Finch West LRT

#### Committee Decision

The Public Works and Infrastructure Committee:

1. Deferred consideration of the item until the May 16, 2016 meeting of the Committee.

#### Origin

(March 30, 2016) Report from the General Manager, Transportation Services

#### Summary

Transportation Services is responding to a request from Public Works and Infrastructure Committee to the future installation of traffic control signals at the intersection of Finch Avenue West and Fountainhead Road, in view of the future Finch West LRT in this area.

As part of the review of Official Plan Amendment and Rezoning Applications for 470 Sentinel Road and 1, 35 and 40 Fountainhead Road and 35 Fountainhead Road Draft Plan of Subdivision, necessary improvements to Fountainhead Road and Finch Avenue West were identified to accommodate increased traffic demands in the vicinity of this development, primarily, the extension of Fountainhead Road and the installation of a new full moves intersection with Finch Avenue West.

The installation of these traffic control signals will provide continued crossing facilities for pedestrians and improve the operation of the traffic control signals at the nearby intersection of Finch Avenue West and Sentinel Road.

#### Background Information

(March 30, 2016) Report from the General Manager, Transportation Services on Traffic Control Signals - Finch Avenue West and 280m West of Sentinel Road (future Fountainhead Road Extension)
