Subject: Bike Lanes on Lake Shore Blvd West
Date: Friday, February 26, 2016 1:35:47 PM

Dear Public Works Committee,

I am writing to you, as a Toronto District School Board Trustee for City Wards 5 and 6, to ask for separated two-way bike lanes on Lake Shore Blvd. West.

I am supportive of this project and urge you to implement this important piece of infrastructure.

The Toronto District School Board is committed to encouraging active, safe and sustainable transportation, and I believe a bike lane on Lakeshore will support these goals and increase the safety of our children. I am concerned about the high speeds and volumes of traffic in this neighbourhood, and believe the bike lane must be physically separated from traffic in order to be safe and practical.

Thank you for your efforts to create a safer, healthier, greener Toronto.
Sincerely,

Pamela Gough, MSc., MT (OISE/UT)
Trustee, Ward 3, TDSB
