Dear Members of Public Works & Infrastructure Committee,

My name is Michael McCreesh and I support the concept of pilot bike lanes on Bloor Street this summer. I am a father of one (soon to be two - yikes!) and my son is too young to ride his own bike and sit in a bike seat or trailer. I drive with him in my car and often on Bloor Street to see friends, go shopping or commuting across the city.

I also ride my bicycle along this corridor frequently for many of the same reasons. I am cyclist, father and car driver and appreciate the value of bike lanes and similar initiatives. I also understand that I am traffic, when driving or riding. Bike lanes on Bloor Street will help get the city moving.

Please consider supporting this pilot project of bike lanes on Bloor Street.

Best regards,

Michael
