Hello Jaye, Mary-Margaret, Stephen, Chin, Ron, and Anthony,

Good luck with your meetings on the Bloor bike lane pilot project. I have faith that the committee sees the major benefits for cyclists, and drivers, but more importantly for the businesses ([more on that here](#)).along this corridor.

I am a road user of this area of Bloor and very familiar with it having lived for 5 years in that neighbourhood. I ride my bike, drive my car, and walk along the sidewalks. As anyone who has lived along here knows, cycling has always been a big part of the transportation choices that people make. Its time to give them the safe space that they need.

Thanks for listening and I wish you all the best with your discussions concerning this topic.

Shanny
