

## **CONDOLENCE MOTION**

**Moved by: Councillor Mary-Margaret McMahon**

**Seconded by: Councillor Stephen Holyday**

The Mayor and Members of Toronto City Council are deeply saddened to learn of the passing of Jennifer Cline on July 27, 2016.

Jennifer Cline was a well-known Beach resident and artist. She spent many years depicting her beloved neighbourhood in bright watercolours. Her artwork featured the beauty of the Beach and highlighted some of its key festivals, including the Beaches Jazz Festival. Jennifer was commissioned to commemorate significant anniversaries at the Balmy Beach Club and Community Centre 55. Her work encapsulates a rich history of the Beach, with some of her art work dating back to her days in high school.

Jennifer was a founding member of the Beach Guild of Fine Art and her works of art were displayed in many galleries and shows, including the Beacher Cafe and the Beach Studio Tour.

Though this is certainly a sad occasion, it is a warm consolation to know that Jennifer's legacy will remain in the Beach through her numerous works of art.

The City Clerk is requested to convey, on behalf of the Members of Toronto City Council, our sincere sympathy to the Cline family.
