Subject: Sign Variance Committee, March 22 2016, SB 8.1

Attention: Yvonne Davies

Good morning, Ms. Davies

We are requesting a deferral of the above matter.

The application required a public consultation, which was itself a new component of the application process. That consultation took place March 14. As a consequence, the Staff Report was not posted until March 16.

The consultation and Staff Report raised new issues which require further consideration and response from ourselves.

Additionally, we have been, and continue to be, in on-going discussions with the local Councillor regarding our proposal. The time between the posting date of March 16 and the hearing date of March 22 is inadequate to consult and then address matters in a fulsome manner.

Kindly advise, and thank you.

Stephen
