Toronto and East York Community Council
100 Queen St W
Toronto M5H 2N2

Dear Chair and Members,

NEW BUSINESS: 29 Oriole Gardens Heritage Evaluation

Residents of the Deer Park neighbourhood have expressed many concerns over the area’s loss of several historically significant buildings in recent years. As the local Councillor, I have been working with the Deer Park Residents Group to help preserve the unique character of the neighbourhood, which includes many historically buildings meriting heritage protection.

29 Oriole Gardens has been identified by the community as one of several properties in the area, and on that street, with significant heritage value. It is important that this heritage value is preserved.

RECOMMENDATIONS:

That the Manager for Heritage Preservation Services report to Toronto & East York Community Council on the heritage attributes of 29 Oriole Gardens and options for including the property on the City's heritage register.

Sincerely,

Josh Matlow
Toronto City Councillor
Ward 22- St. Paul's.
