

## STAFF REPORT ACTION REQUIRED

### Installation of On-Street Accessible Parking Space – October 2016 (Non-Delegated)

<b>Date:</b>	September 21, 2016
<b>To:</b>	Toronto and East York Community Council
<b>From:</b>	Acting Director, Transportation Services, Toronto and East York District
<b>Wards:</b>	Toronto-Danforth, Ward 30
<b>Reference Number:</b>	Ts2016184te.top.doc

#### SUMMARY

---

The purpose of this report is to obtain approval for the installation of an on-street accessible parking space for persons with disabilities.

As the Toronto Transit Commission (TTC) operates transit service on the subject street, City Council approval of this report is required.

#### RECOMMENDATION

---

**Transportation Services recommends that:**

1. City Council authorize the installation of an on-street accessible parking space at the location identified in Appendix A attached to the report dated September 21, 2016, from the Acting Director, Transportation Services, Toronto and East York District.

#### Financial Impact

Funds in the amount of \$300.00 are available within the Transportation Services Division's 2016 Operating Budget.

## **ISSUE BACKGROUND**

The Transportation Services Division receives numerous requests for the installation/removal of on-street accessible parking spaces for persons with disabilities. Some of these requests come directly from members of the public and others are received through the local Councillors' offices.

The installation of designated on-street accessible parking spaces is a convenience provided for people with disabilities and/or those who transport them, making it easier for them to find available parking as near as possible to their places of residence or intended destinations and reducing the distances that the disabled people must walk. Delays in installing these on-street accessible spaces may create hardships for disabled applicants.

## **COMMENTS**

Transportation Services staff have investigated the feasibility of installing an on-street accessible parking space at the location identified in Appendix A included in this report. The subject section of roadway is served by a TTC transit route.

The applicant is a holder of a valid Accessible Parking Permit issued by the Ministry of Transportation and the proposed designated space will not result in the loss of more than one on-street parking space for general use.
