

October 13, 2016

Toronto and East York Community Council  
100 Queen St. West  
Toronto, ON M5H 2N2

Dear Chair and Members,

**NEW BUSINESS REQUEST: Traffic Calming – Shanly Street**

**SUMMARY:**

On October 17, 2013, Toronto and East York Community Council adopted, as amended, Item TE27.58 entitled "Traffic Calming – Shanly Street" and, in doing so, authorized the installation of speed humps on Shanly Street, between Dufferin Street and Dovercourt Road, subject to a favourable poll of residents. The speed hump poll on the section of Shanly Street was conducted in April 2014. Based on the poll results, the response rate was insufficient to satisfy the required criteria and therefore the poll was considered to be negative.

Subsequently residents on Shanly Street have contacted my office to express concerns about traffic volume and higher speed on their street. I conducted a survey of residents on Shanly Street, between Dufferin Street and Dovercourt Road and found that more than 60% of residents supported installing traffic calming measures on the subject section of Shanly Street.

**RECOMMENDATION:**

**It is recommended that Toronto and East York Community Council:**

1. Direct the City Solicitor to prepare a by-law to alter the roadway to install five speed humps on Shanly Street, between Dufferin Street and Dovercourt Road, generally as shown on the attached Drawing No. 421G-1206, dated September 2013.

**anabailão**  
TORONTO CITY COUNCILLOR **WARD 18**

Thank you for your consideration.

Sincerely,

Ana Bailão  
City Councillor  
Ward 18, Davenport
