RE: Agenda item TE13.8

**Final Report - Queen Street East/Ashbridge Precinct Planning Study -
City-Initiated Official Plan Amendment and Urban Design Guidelines**

From: the Leslieville Community Coalition Inc.

The Leslieville Community Coalition applauds this initiative. The Queen Street East/Ashbridge Precinct Planning Study is a well thought out study of the area and reflects the true diversity found in the Ashbridge Precinct. We hope that the Guidelines will not only be adopted but that they will be implemented as quickly as possible. We know that the area is presently at risk of losing its distinct character as a result of development pressure.

Sincerely,

Victoria Dinnick

Chair, Leslieville Community Coalition
