April 22, 2016

Dear Toronto & East York Community Council Administrator,

Vivoli Restaurant would like to have two events celebrating our customers. We are kindly requesting a patio extension for our west patio, located on Beatrice Street which is a residential street.

The first event will be a Customer Appreciation Day to be held on Sunday, June 26, 2016. This is a one day event running from 8:00AM to midnight. We are looking to serve alcohol starting at 9:00AM and will be applying to the Alcohol and Gaming Commission of Ontario (AGCO) for a temporary extension. We are requesting a patio extension onto Beatrice Street. We will be keeping within the fire department boundaries, allowing room for the fire trucks to get past. We are having this event to celebrate our existing clientele, attract new customers and further enhance community spirit.

The second event will be celebrating our 11th Anniversary on Saturday, July 9, 2016. This event will also be a one day event running from 8:00AM to midnight. We are hoping to serve alcohol starting at 9:00AM and will be applying to the AGCO for a temporary extension. We are again asking for a patio extension onto Beatrice Street. This event marks a significant milestone for Vivoli and we are excited to share our gratitude, joy and appreciation for the community that has made it possible.

We would also like to request that our events be recognized as “Events of Municipal Significance” and kindly request “Letters of Non-Objection” from the Toronto & East York Community Council and approval for our patio extension and permission for Alcohol extension.

We thank you for reviewing this request and should there be any further details that are required, please let us know.

Sincerely,

Robert Salvati

Vivoli Restaurant Owner
