Re: 389 Church Street Modernization

Dear Councillor Bailão,

Please accept this letter of commitment from Toronto Community Housing Corporation ("TCHC") to work with the City of Toronto's Affordable Housing Office on the modernization of 389 Church Street. The intent of this project is to revitalize this underutilized asset in the TCHC portfolio which has been predominately vacant for many years due to an outdated housing form and capital repairs issues. Upon completion of this project, new self-contained units will be created resulting in improved living conditions for new and returning residents.

TCHC looks forward to taking the next steps with the Affordable Housing Office to modernize 389 Church Street and create better housing opportunities for our residents.

Sincerely,
