This report proposes a continuation of the planned reduction of the rebate over time.</p> <ul style="list-style-type: none"> ▪ The plan is to progressively phase out, over seven years beginning in 2017, the rebates on every Single Family curbside collection garbage bin. ▪ This would continue the transition of Solid Waste Management Services (SWMS) to a sustainable utility where the net fees paid by Single Family customers reflect the actual cost of service delivery. ▪ It is recommended that the rebate will be slowly phased-out so that by 2023 there will be no rebate available for solid waste services. ▪ Including the \$2.2 million reduction associated with the elimination of the rebate for the XL Bin that is already included in the 2017 Preliminary Operating Budget, the savings for 2017 are estimated to be \$13.4M, and \$16.4M in 2018 and \$16.5M in 2019. 	<p>Consider</p>
