Dear Sirs/Madams:

Re: Sheppard Avenue Commercial Area Secondary Plan Review (the "Review") – Agenda Item NY19.33 – January 17, 2017 Meeting

Further to the Petition filed in respect of the above-noted matter, please find an additional 625 signatures.

Well over 1,500 household signatures have been accumulated to-date, representing well over 2,000 - 3000 residents.

Resident's interest in this Review is growing exponentially and this momentum cannot be ignored. We trust that the City will give due regard to the majority interests regarding the planning framework that is necessary for this area.

We again request that the City conduct further public consultations and not proceed to formalize an Official Plan Amendment that will not meet the needs and the expectations of the majority of the residents.

Yours truly,

Petition for review in the City Clerk's Office
