Dear Chair Mayor John Tory and Members, Executive Committee

RE: EX26.43 Getting Back to Normal - Keeping Residents Updated on Multi-year Infrastructure Projects

This is to express our strong support for Councillor Carroll's Motion "that City Council direct that staff be required to hold public information meetings as required, and no less than annually, to keep residents updated in areas in which multi-year infrastructure projects are taking place and there are more than 300 homes impacted by the project".

As well described in Councillor Carroll's letter, residents need to be informed about the progress of major infrastructure projects in their area. The responsibility to maintain regular communication about projects should be that of the project, and not left to the Councillor's office to deal with.

Respectfully submitted,

Yours truly,

Geoff Kettel

c.c Councillor Shelley Carroll
Councillor Krystin Wong-Tam

The Federation of North Toronto Residents' Associations (FoNTRA) is a non-profit, volunteer organization comprised of over 30 member organizations. **Its members, all residents' associations, include** at least 170,000 Toronto residents within their boundaries. **The residents' associations that make up** FoNTRA believe that Ontario and Toronto can and should achieve better development. Its central issue is not *whether* Toronto will grow, but *how*. FoNTRA believes that sustainable urban regions are characterized by environmental balance, fiscal viability, infrastructure investment and social renewal.
