Hello Executive Committee,

I urge you to allow Airbnb to not only stay but allow for it to flourish as it has of recent.

Airbnb has been a lifeline for me and my family to be able to rent our our place and make earnings while we are away. Often we travel to cities and can't find affordable hotel rates with any level of decent accommodations.

Look at Toronto this weekend! Hotels are over \$400 for the downtown core and Airbnb alleviates the stress of travelers by providing alternative accommodations at more reasonable prices.

It's great for the city, for travelers and for hosts. We're a progressive city that recognizes the times by allowing for sharing economy. Uber is a hit, Airbnb is too!

Don't strain Airbnb by doing anything that makes it too hard for owners, allow for taxing on Airbnb hosts and then let us do our thing. It will bring incredible revenue to the city!

Thanks

Brad
