EX26.45.1

Regulation of Fraternities and Sororities

June 16, 2017.

Harbord Village Residents' Association has been concerned for years about reports of incidents around alcohol and noise at Frat and Sorority houses, disturbing adjacent communities.

Recently, the behavior has reportedly escalated into incidents involving sexual assault.

We have been informed by the University of Toronto at the Liaison Committee that the University has no jurisdiction on student behavior outside the campus.

We are saddened there is need for change, but fully support Councillor Cressy's efforts to bring these houses into the City's regular rooming house regulatory framework.

With thanks,

Sue Dexter
HVRA Board
