Progress Report on the Intimate Partner Violence Public Education Campaign and Action Plan

Committee Decision

The Board of Health Budget Committee received the item for information.

Origin

(September 6, 2017) Report from the Medical Officer of Health

Summary

The Intimate Partner Violence (IPV) Action Plan, 2016-2019, consists of 10 goals and a series of actions to enhance the City's capacity to prevent, identify early, and respond to those affected by IPV. Since the last progress report on December 5, 2016, achievements have continued in all three areas of intervention, including initial steps to develop an IPV Public Education Campaign with relevant community partners. This report highlights accomplishments from December, 2016 to August, 2017, with a specific focus on stakeholder engagement and preliminary decisions about the IPV Public Education Campaign.
