Re: Transportation Services, Cycling Infrastructure & Programs- Open Data

Dear Ms. Watkiss,

I am submitting this Administrative Inquiry under Municipal Code S27-61 to seek information regarding Transportation Services, Cycling Infrastructure & Programs lack of open data sets with regards to Bike Share ridership

Transportation Services, Cycling Infrastructure & Programs to date has released one dataset on Bike Share Toronto. This dataset lists the location of Bike Share Toronto Stations. Prior to 2014 trip-level information was provided on the City of Toronto Open Data Portal

I am requesting answers to the following questions:

1. Why has Transportation Services, Cycling Infrastructure & Programs stopped issuing open datasets on Bike Share Toronto usage as mandated by Toronto City Council?
2. When will Transportation Services, Cycling Infrastructure & Programs regularly release open datasets and update them on a regularly basis?
3. When will Transportation Services, Cycling Infrastructure & Programs provide a detailed list of the soon to be released open datasets with the date for release?

Sincerely

Paul Ainslie
