Motion without Notice

MM28.33	ACTION			Ward:4
---------	--------	--	--	--------

Pedestrian Signal - Islington Avenue and Deerfoot Road - by Councillor John Campbell, seconded by Councillor John Filion

** Notice of this Motion has not been given. A two-thirds vote is required to waive notice.
 * This Motion is subject to a re-opening of Item EY16.32. A two-thirds vote is required to re-open that Item. If re-opened, the previous Council decision remains in force unless Council decides otherwise.*

Recommendations

Councillor John Campbell, seconded by Councillor John Filion recommends that:

1. City Council rescind its decision on Item EY16.32 and adopt the following new recommendation instead:

1. City Council direct that a pedestrian signal be installed on Islington Avenue at a point 25 metres south of Deerfoot Road.

Summary

Council approved the installation of traffic control signals at the intersection of Islington Avenue and Deerfoot Road in October 2016. Following approval, discussion took place with Transportation Services staff and staff from the Toronto Transit Commission on the feasibility of installing a pedestrian activated signal in the area immediately south of Deerfoot Road in between Toronto Transit Commission bus stops instead of at the intersection. An agreement was reached that a pedestrian signal could be accommodated at this location as opposed to a full traffic control signal at the intersection of Islington Avenue and Deerfoot Road. This recommendation will amend the previously approved traffic control signals to a pedestrian activated signal located 25 metres south of Deerfoot Road.

REQUIRES RE-OPENING:

Etobicoke York Community Council Item EY16.32 - October 5, 6 and 7, 2016 City Council meeting.
