Summary

Many heritage buildings are being identified in Leslieville with current developments on Queen Street East and also with the Carlaw Dundas Corridor project which is a City-led public realm project through City Planning, Parks, Forestry and Recreation and Transportation Services.

Funds have been secured from 201 Carlaw Avenue and 66 Boston Avenue for a range of community benefits which include heritage related improvements in Ward 30.

The funds identified have been received by the City.

As Heritage Toronto is a directly funded City agency and not considered an "outside party", no undertaking is required to be signed by Heritage Toronto governing the use of the funds and financial reporting.
