

City Council**Motion without Notice**

MM35.39	ACTION			Ward:5
---------	--------	--	--	--------

Above Ground Parking Deck at Kipling Hub - by Councillor Justin J. Di Ciano, seconded by Councillor Mark Grimes

** This Motion has been deemed urgent by the Chair.*

** This Motion is not subject to a vote to waive referral. This Motion has been added to the agenda and is before Council for debate.*

Recommendations

Councillor Justin J. Di Ciano, seconded by Councillor Mark Grimes, recommends that:

1. City Council request the Toronto Transit Commission in collaboration with the Toronto Parking Authority, to undertake a study to assess the parking needs for the terminus of the Line 2 subway line at Kipling Station to ensure that suburban commuters have access to adequate parking which would allow and encourage the use of public transit.
2. City Council request the Toronto Realty Agency and the Toronto Parking Authority to assess parking requirements as part of the future Etobicoke Civic Centre to encourage the use of public transit from the new city centre.

Summary

There is enormous pressure now on commuter parking from Etobicoke and Mississauga in the Bloor and Kipling area due to parking lots closing at Islington/Cordova. Commuters are using school and community centre parking lots instead. If we want drivers to use public transit we need to accommodate the parking needs.
