Dear Sir,

This letter is to request for an Event of Municipal Significance for Fresh City's event, 'Open Farm'. The event is taking place on Sunday, June 25th, 2017 from 12:00p.m. to 4:00p.m. at 70 Canuck Avenue in Downsview Park (in both the greenhouse and the outside farm/picnic area). Open Farm is Fresh City's 6th annual season launch event, which celebrates Ontario's growing season and the farmers + makers who feed our city. This is a public event and we are expecting around 500 people, many of whom will be Fresh City members (customers).

Fresh City is a city farm and organic e-grocer. We deliver farm-fresh meals and groceries to thousands in the GTA every week. The intention of our event is to bring local farmers, makers and eaters together, in celebration of the Ontario growing season. We also want to invite the community to our farm to show people it's possible to grow good food in the city. There will be live music, local food vendors, farm tours, activities and more! It is a very family focused event.

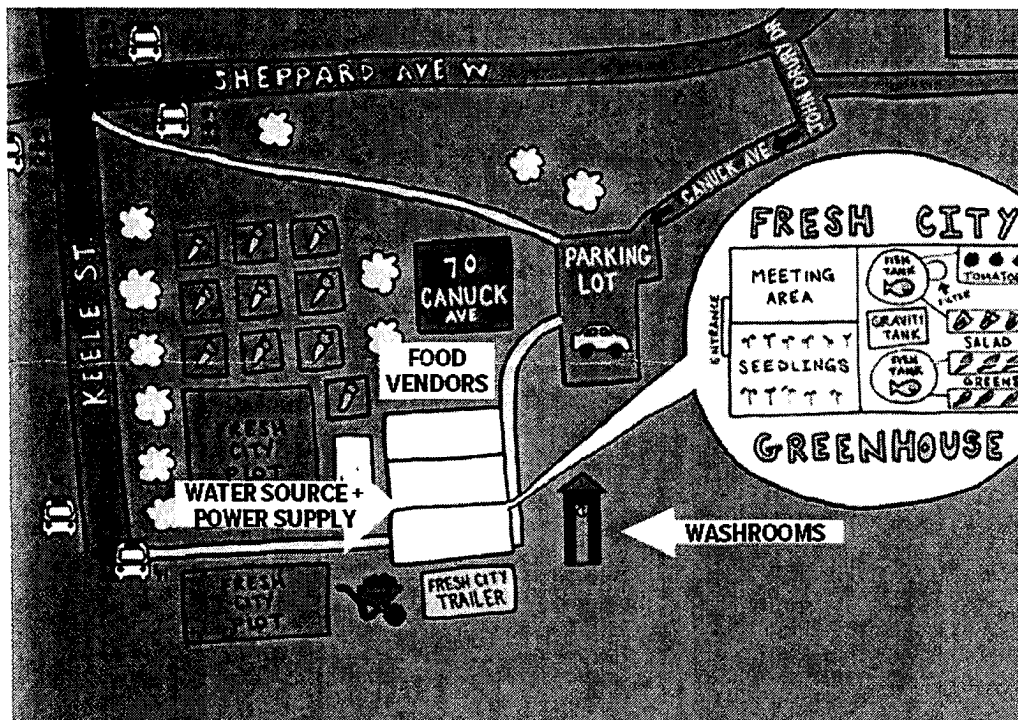

If you require further information, please contact us by the phone number or email listed below.

Thank you,

Kim Keitner
Marketing Manager & Recipe Developer
