Councillor Kristyn Wong-Tam  
Chair, Toronto and East York Community Council  
100 Queen Street W.

**Extending Permit Parking to a small section of Riverdale Avenue**

Dear Chair and members of the Toronto and East York Community Council

A small section of Riverdale Avenue, between Pape and Carlaw on the south side of Riverdale potentially has room for 3-4 cars. Currently parking is allowed, outside of a 4pm-6pm restriction, but cars are still subject to the three-hour maximum. Including this section of road in permit area 8B is a small improvement that can be made to make people's parking situation slightly easier.

There is not one big solution for the issue of limited permit parking but this is one easy improvement that can be made.

**Recommendations:**

That Toronto and East York Community Council:

1. Request Transportation Services to report to the September 6th, 2017 meeting of the Toronto and East York Community Council on including the south side of Riverdale Avenue between Carlaw Avenue and Pape Junior Public School in Permit Parking Area 8B.

Sincerely,

City Councillor  
Ward 30, Toronto Danforth
