

Attachment 2

Schedule of potential by-law amendments to Toronto Municipal Code, Chapter 925-4

TORONTO AND EAST YORK DISTRICT –The area covered by the City of Toronto wards which comprise the Toronto and East York Community Council from time-to-time.

A. The on-street permit parking program shall only apply to:

- (1) Roads, local streets, collector and minor arterial roads, or parts of them, that are predominantly residential in character where sufficient off-street parking are not available and where the introduction of permit parking will not adversely affect roadway capacity, snow removal operations, or public safety;
- (2) Other roads with permit parking as at the enactment of this chapter; ~~and~~
- (3) Other roads determined by the General Manager from time to time; and/or
- (4) Other roads where community council has decided to implement permit parking. (NOTE – THIS WOULD ALLOW COMMUNITY COUNCILS TO THEORETICALLY IMPLEMENT PERMIT PARKING ON ANY STREET – AN ABILITY THEY TECHNICALLY ALREDY HAVE)

B. Where permit parking is not currently available and where a petition requesting permit parking signed by the residents of a minimum of 25 percent of the total number of residential premises having a residential address on the street or the flank of the street is submitted to the General Manager, a poll shall be conducted in accordance with Chapter 190, Polling and Notification, to determine if the residents wish to have permit parking on their road or area, as the case may be. In the event of a positive polling result, the General Manager shall report such result to the appropriate community council, which community council under delegated authority, shall be authorized to pass any necessary by-laws to implement permit parking on the road or area. In the event of a negative result, permit parking shall not be extended to the road or area, and no further permit parking poll shall be conducted for a period of two years.

B.1. Despite § 925-4B, where permit parking is not currently available and where a Ward Councillor for a ward in the Toronto and East York District has, in writing, advised the General Manager that they wish to have permit parking implemented on a road or area located in the Toronto and East York District as of the date of the next scheduled meeting of Toronto and East York Community Council, the General Manager shall report such written request to Toronto and East York Community Council, which community council under delegated authority, shall be authorized to pass any necessary by-laws to implement permit parking on the road or area. Upon receipt of a written request from a Ward Councillor pursuant to this § 925-4B.1, the petition and polling provisions of § 925-4B shall cease to apply to the road or area that is the subject of the written request until such time as Toronto and East York Community Council has had the opportunity to consider the report of the General Manager required by this § 925-4B.1.
