

For consideration
at the Toronto and East York Community Council
on February 22, 2017, Item TE 22.5

The Garment District Neighbourhood Association (www.gdnatoronto.org) has enjoyed a collaborative relationship with the Waterworks development team of MOD Developments and Woodcliffe Landmark Properties since August 2015. Since then we have seen the evolution of a historic building site into a vision that includes a recreational YMCA, a “hip” food hall, and rejuvenated parkland ... all welcome additions to the community. The development team has demonstrated its sensitivity to and respect for the neighbourhood throughout the process.

We wish nothing but the best for this application and offer our complete support.

Valerie Eggertson, Secretary, on behalf of GDNA
