Re: Item 25.2 - Naming of Public Lane Located North of Baldwin Street, Extending Between Henry Street and McCaul Street

The Grange Community Association (GCA) supported the request of the Silverstein family regarding the naming of the laneway which is adjacent to the site of the bakery.

Until its recent closure, the Silverstein family operated the Silverstein Bakery which has provided an important service in the Grange neighbourhood for nearly 100 years.

This naming has the support of the Association and many residents who live in the area.

This laneway naming is part of an overall program of laneway naming and ceremonial dedications which the GCA has initiated within the Grange Community in Ward 20.

Sincerely,

Ceta Ramkhalawansingh
Hon. President, Grange Community Association
On behalf of the
Grange Community Association
