Subject: Extension of hours for Soundtrack of the City – October 11 - 15, 2017

### Overview

Music City North is going into its fifth year of hosting music festivals in Toronto which highlights the music that the city and surrounding area offers. Soundtrack of the City is being held October 11<sup>th</sup> – 15<sup>th</sup> at venues along Queen St West and the Kensington market area. The festival is smaller than NXNE and CMW however, we focus on the indie bands and the day-to-day music scene, working together with the venues and artists throughout the year rather than just for a week once a year. Our purpose is to help the venues and musicians at the indie level and not overshadow them with headliners and large venues. What NXNE and CMW are great for those weeks, but we work with the bands/venues that are possibly overlooked.

### Venues involved

Bovine Club – October 12<sup>th</sup> to 15<sup>th</sup> (serving til 4am) – 542 Queen St W
