RE: Request for Letter of Municipal Significance and Alcohol Usage

Dear Ellen Devlin,

I am writing on behalf of Blood Brothers Brewing, a microbrewery based in the Wallace-Emerson sector located at 165 Geary Avenue. We are requesting a letter of Municipal significance and permission to allow Alcohol Usage for a Halloween Party we wish to organize for our brewery.

The Halloween Party will be operating on Saturday October 28th, 2017. The planned hours of operation are from 9pm-2am. Blood Brothers Brewing is requesting permission to serve and sell alcohol supplied by Blood Brothers Brewing, a licensed brewery, for the purpose of drawing the community together and for personal gain. The Halloween party will include, alcoholic beverages, food, and music.

Blood Brothers Brewing is a staple in the Geary Avenue neighbourhood. We have worked tremendously hard to create an inviting and fun atmosphere for the old and new residents of the community. Through this feat we have received an overwhelming amount of support from Geary's residents, and our product has grown because of them.

Our hope is to bring a safe, respectable fun-filled evening for the community where they can enjoy locally made beer, eat food and enjoy music.

We ask that you please grant the Municipal Significance for this community event.

Sincerely,

---

Karen Enamorado
