Management's Report

The management of the City of Toronto ("City") is responsible for the integrity, objectivity and accuracy of the financial information presented in the accompanying consolidated financial statements.

The consolidated financial statements have been prepared by management in accordance with Canadian Generally Accepted Accounting Principles established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. A summary of the significant accounting policies is disclosed in Note 1 to the consolidated financial statements.

To meet its responsibility, management maintains comprehensive financial and internal control systems designed to ensure the proper authorization of transactions, the safeguarding of assets and the integrity of the financial data. The City employs highly qualified professional staff and deploys an organizational structure that effectively segregates responsibilities, and appropriately delegates authority and accountability.

The Audit Committee, a sub-committee of City Council ("Council"), reviews and approves the consolidated financial statements before they are submitted to Council. In accordance with Council's directive, the Auditor General oversees the work of the external auditors performing financial statement attest audits. The Auditor General participates in all significant meetings held between the external auditors and management, is informed of all significant audit issues, and will report on any significant matters not appropriately addressed and resolved.

The 2017 consolidated financial statements have been examined by the City of Toronto's external auditors, PricewaterhouseCoopers LLP, and their report precedes the consolidated financial statements.

Toronto, Canada July XX, 2018 Mike St. Amant Treasurer

Joe Farag Interim Chief Financial Officer

Giuliana Carbone Interim City Manager

Independent Auditor's Report

To the Members of Council, Inhabitants and Ratepayers of the City of Toronto

We have audited the accompanying consolidated financial statements of the City of Toronto, which comprise the consolidated statement of financial position as at December 31, 2017 and the consolidated statement of operations and accumulated surplus, consolidated statement of change in net debt, and consolidated statement of cash flows for the year then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information.

Management's responsibility for the consolidated financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the City of Toronto as at December 31, 2017 and the results of its operations, changes in its net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

The City of Toronto (the "City") is the largest city in Canada, and is the provincial capital of Ontario. The City was incorporated March 6, 1834. In 1998, the existing City was formed through the amalgamation of the City, Metropolitan Toronto, East York, Etobicoke, North York, Scarborough and York. The City operates under the provisions of the *City of Toronto Act, 2006*.

1. Summary of Significant Accounting Policies

Basis of accounting

The consolidated financial statements of the City have been prepared in accordance with Canadian generally accepted accounting principles ("GAAP") established by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada ("CPAC").

Principles of consolidation

The consolidated financial statements include all organizations that are accountable for the administration of their financial affairs and resources to City Council ("Council") and are controlled by the City. These statements reflect the assets, liabilities, revenues and expenses of the operating fund, capital fund, reserves and reserve funds of the City and each entity, except for government business enterprises which are accounted for by the modified equity basis of accounting and the Toronto Waterfront Revitalization Corporation and Toronto Pan Am Sports Centre Inc. which are accounted for by proportionate consolidation.

Consolidated entities:

Agencies and Corporations:

- Board of Governors of Exhibition Place
- Board of Management of the Toronto Zoo
- Build Toronto Inc. ("BTI")
- Casa Loma Corporation
- Heritage Toronto
- Invest Toronto Inc.
- Lakeshore Arena Corporation
- * St. Lawrence Centre for the Arts
- The North York Performing Arts Centre Corporation
- The Sony Centre for the Performing Arts ("Sony Centre")
- * Toronto Atmospheric Fund ("TAF")

Arenas:

- * Forest Hill Memorial
- * George Bell
- * Leaside Memorial Community Gardens
- * McCormick Playground

Community Centres:

- * 519 Church Street
- Applegrove
- * Cecil Street
- Central Eglinton
- Community Centre 55

- * Toronto Board of Health
- * Toronto Community Housing Corporation ("TCHC")
- * Toronto Licensing Commission
- Toronto Pan Am Sports Centre Inc. ("TPASC") (1/2 proportionately)
- * Toronto Police Services Board
- * Toronto Public Library Board
- * Toronto Transit Commission ("TTC")
- Toronto Waterfront Revitalization Corporation ("TWRC") (1/3 proportionately)
- Yonge-Dundas Square
- * Moss Park
- North Toronto Memorial
- Ted Reeve Community
- William H. Bolton
- Eastview Neighbourhood
- Waterfront Neighbourhood
- Ralph Thornton
- Scadding Court
- Swansea Town Hall

All inter-fund assets and liabilities and sources of financing and expenses have been eliminated in these consolidated financial statements.

Government business enterprises (GBEs)

The following entities are accounted for in these consolidated financial statements as government business enterprises using the modified equity basis of accounting. Under the modified equity basis, the accounting principles of government business enterprises are not adjusted to conform to the City's accounting principles and inter-organizational transactions and balances are not eliminated. Inter-organizational gains and losses are, however, eliminated on assets remaining within the government reporting entities at the reporting date.

- Toronto Hydro Corporation
- Toronto Parking Authority
- City of Toronto Economic Development Corporation c.o.b. Toronto Port Lands Company ("TPLC")

Trust funds

Trust funds and their related operations administered by the City are not included in the consolidated financial statements, but are reported separately in the Trust Fund Financial Statements (Note 23).

Use of estimates and measurement uncertainty

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as well as disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting year. Significant estimates and assumptions, which include employee benefit liabilities; property tax assessment appeals; property, liability and accident claims provisions; landfill closure and post-closure liabilities; and environmental provisions, are based on management's best information and judgment. Actual amounts, which are accounted for as they become known, may differ significantly from these estimates.

Tax revenues

Annually, the City bills and collects property tax revenues for municipal purposes as well as provincial education taxes on behalf of the Province of Ontario (the "Province") for education purposes. The authority to levy and collect property taxes is established under the *City of Toronto Act*, 2006, the Assessment Act, the *Education Act*, and other legislation.

The amount of the total annual property tax levy is determined each year through Council's approval of the annual operating budget. Municipal tax rates are set annually by Council for each class or type of property, in accordance with legislation and Council-approved policies, in order to raise the revenues required to meet operating budget requirements. Education tax rates are established by the Province each year in order to fund the cost of education on a Province-wide basis.

Property assessments, on which property taxes are based, are established by the Municipal Property Assessment Corporation ("MPAC"), a not-for-profit corporation funded by all of Ontario's municipalities. The current value assessment ("CVA") of a property represents an estimated market value of a property as of a fixed date. Assessed values for all properties within the municipality are provided to the City in the returned assessment roll in December of each year.

The amount of property tax levied on an individual property is the product of the CVA of the property (assessed by MPAC) and the tax rates for the class (approved by Council or set by provincial regulation), together with any adjustments that reflect Council-approved mitigation or other tax policy measures, rebate programs, etc.

Property taxes are billed by the City twice annually. The interim billing, issued in January, is based on 50% of the previous year's total property taxes, and provides for the cash requirements of the City for the initial part of the year prior to Council's approval of the final operating budget and the approved property tax levy for the year. Final bills are issued in May, following Council's approval of the capital and operating budgets for the year, the total property tax levy, and the property tax rates needed to fund the City's operations.

Taxation revenues are recorded at the time tax billings are issued. Additional property tax revenue can be added throughout the year, related to new properties that become occupied, or that become subject to property tax, after the return of the annual assessment roll used for billing purposes. The City may receive supplementary assessment rolls over the course of the year from MPAC, identifying new or omitted assessments. Property taxes for these supplementary and/or omitted amounts are then billed according to the approved tax rate for the property class.

Taxation revenues in any year may also be reduced by reductions in assessment values resulting from assessment and/or property tax appeals. Each year, an amount is identified within the annual operating budget to cover the estimated amount of revenue loss attributable to assessment appeals, tax appeals or other deficiencies in tax revenues (e.g., uncollectible amounts, write-offs, etc.).

In Toronto, annual property tax increases for properties within the commercial, industrial and multi-residential tax classes have been subject to limitations on the maximum allowable year-over-year increase since 1998, in order to mitigate dramatic tax increases due to changes in assessed values.

In October 2005, Council adopted a staff report entitled "Enhancing Toronto's Business Climate – It's Everybody's Business," that introduced a number of new tax policy initiatives that began in 2006 and has been amended through the annual budget process in recent years. These changes included limiting allowable annual tax increases on these property classes to a fixed percentage of the previous year's taxes or full CVA taxation level, and gradually reducing the proportion of the total property tax levy that is borne by the commercial, industrial and multi-residential classes through 2023.

In 2008, the City implemented the Municipal Land Transfer Tax, which applies to all land sales. The revenues are transaction-based and are recognized at the time of the transaction, at registration of the sale of land.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at banks, internally restricted cash and other short-term highly liquid investments with original maturities of three months or less.

Loans receivable

Loans receivable are recorded at amortized cost less any amount for valuation allowance. Valuation allowances are made to reflect loans receivable at the lower of amortized cost and the net recoverable value, when collectability and risk of loss exists. Changes in valuation allowance are recognized in the Consolidated Statement of Operations and Accumulated Surplus. Interest is accrued on loans receivable to the extent it is deemed collectable.

User charges

User charges relate to transit fees, utility charges (water, wastewater and solid waste), licensing fees, fees for use of various programs, and fees imposed based on specific activities. Revenue is recognized when the activity is performed or when the services are rendered.

Government transfers

Government transfer revenues are transfers from other levels of government that are not the result of an exchange transaction and are not expected to be repaid in the future. Government transfers without eligibility criteria or stipulations are recognized as revenue when the transfer is authorized. All other transfers are recognized as revenue in the period the transfer is authorized and all eligibility criteria have been met, except when and to the extent that any stipulations give rise to an obligation that meets the definition of a liability for the City.

The City also provides transfers to individuals or organizations. These transfers are recognized as expenses once they are authorized and eligibility criteria, if any, are met.

Development charges

Development charges are charges imposed on land development or redevelopment projects. Fees are set out in a City by-law, which conforms to the requirements of the *Development Charges Act, 1997*. Development charges are collected when an above grade building permit is issued, and recognized in revenues when used to fund the growth-related portion of qualifying capital projects.

Other revenue

Other revenues are recognized in the year that the events giving rise to the revenues occur and the revenues are earned. Amounts received which relate to revenues that will be earned in a subsequent year are deferred and reported as liabilities.

Expenses

Expenses are recognized in the year that the events giving rise to the expenses occur and there is a legal or constructive obligation to pay.

Investments

Investments are recorded at amortized cost less any amounts written off to reflect a permanent decline in value. All investments consists of authorized investments pursuant to the provisions of the *City of Toronto Act, 2006*, mainly government and corporate bonds, debentures and short-term instruments of various financial institutions. TCHC and TAF have their own investment policies, which allow them to invest in equities.

Investment income is reported as revenue in the period earned. Investment income earned on reserve funds that are set aside for specific purposes by legislation, regulation or agreement, is added to the fund balance and forms part of the respective deferred revenue balances.

Property and liability claims

Estimated costs to settle property and liability claims are actuarially determined based on available loss information and projections of the present value of estimated future expenditures, developed from the City's historical experience on loss payments. Where the costs are deemed to be likely and reasonably determinable, claims are reported as an operating expenditure, and are included in other liabilities on the Consolidated Statement of Financial Position.

TTC unsettled accident claims

The TTC has a self-insurance program for automobile and general liability claims. When claims are reported, case reserves are initially estimated on an individual basis by adjusters and lawyers. A provision is made, on a present value basis, for claims incurred, for claims incurred-but-not-reported, and for internal and external adjustments.

Environmental provisions

The City provides for the cost of compliance with environmental legislation when conditions are identified which indicate non-compliance and costs can be reasonably determined. These provisions are outside of PS3260 as they relate to remediation of productive contaminated sites.

The estimated amounts of future restoration costs are reviewed regularly, based on available information and governing legislation. Where the costs are deemed to be likely and reasonably determinable, claims are reported as an operating expense, and are included in other liabilities on the Consolidated Statement of Financial Position.

Liability for remediation of contaminated sites

Beginning in 2015, applied prospectively, the City accounts for the remediation of contaminated sites in accordance with PS3260 Liability for Contaminated Sites.

Liabilities are recorded when all of the following are met: environmental standards exist; contamination exceeds the standard; the City is directly responsible or accepts responsibility for the contamination; it is expected that future economic benefits will be given up; and a reasonable estimate of the amount can be made.

Landfill closure and post-closure liabilities

The costs to close existing landfill sites and to maintain closed solid waste landfill sites are based on estimated future expenditures in perpetuity in current dollars, adjusted for estimated inflation. These costs are reported as a liability on the Consolidated Statement of Financial Position.

Deferred revenue

Certain amounts are received pursuant to legislation, regulation or agreement and may only be used in the conduct of certain programs or in the completion of specific work. In addition, certain user charges and fees are collected for which the related services have yet to be performed. These amounts are recorded as deferred revenue and are recognized as revenue in the year the related expenses are incurred or services are performed, as this is the time the eligibility criteria have been met and the revenue is earned.

Derivative financial instruments

A derivative financial instrument (interest rate swap) is used to manage interest rate risk with respect to a certain TCHC term loan. TCHC does not account for its interest rate swap as a hedge, and as such, any realized or unrealized gains or losses are recognized in the Consolidated Statement of Operations and Accumulated Surplus. The City also utilizes derivative financial instruments in the management of its purchase of electricity and natural gas. The City's policy is not to use derivative financial instruments for trading or speculative purposes. Derivative contracts are recorded at their fair value as an asset or liability based on quoted market prices, with changes in fair value, if any, recorded in the Consolidated Statement of Operations and Accumulated Surplus.

Employee benefit liabilities

The costs of termination benefits and compensated absences are recognized when the event that obligates the City occurs. Costs include projected future income payments, health care continuation costs and fees paid to independent administrators of these plans, calculated on a present value basis.

The costs of other employee benefit liabilities are actuarially determined using the projected benefits method, pro-rated on service and management's best estimates of retirement ages of employees, salary escalation, expected health costs and plan investment performance. Accrued obligations and related costs of funded benefits are net of plan assets.

Past service costs from plan amendments related to prior period employee services are accounted for in the period of the plan amendment. The effects of a gain or loss from settlements or curtailments are expensed in the period they occur. Net actuarial gains and losses related to the employee benefits are amortized over the estimated average remaining service life of the related employee group. Employee future benefit assets are presented net of any required valuation allowance. Employee future benefit liabilities are discounted using current interest rates on long-term municipal debentures.

The costs of workplace safety and insurance obligations are actuarially determined and are expensed in the period they occur.

Tangible capital assets

Tangible capital assets (TCA) are recorded at historical cost or estimated historical cost based on appraisals or other acceptable methods where historical cost is not available. Cost includes amounts directly attributable to the acquisition, construction, development or betterment of an asset. The cost less expected residual value is amortized on a straight-line basis, over the estimated useful lives of the assets, at the following rates:

S
5
S
5
5
S
5

One-half of the amortization is recorded in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is substantially complete and available for productive use.

Donated tangible capital assets are recorded at estimated fair market value as at the date of donation, and are also recorded in revenue.

Works of art, cultural, and historic assets are not recorded as assets in these consolidated financial statements.

The City does not capitalize interest costs associated with the acquisition or construction of tangible capital assets.

The cost of normal maintenance and repairs which does not add value to the asset, or materially extend asset lives, is not capitalized.

Reserves and reserve funds

Reserves and reserve funds are comprised of funds set aside for specific purposes by Council and funds set aside for specific purposes by legislation, regulation or agreement. For financial reporting purposes, reserve funds set aside by legislation, regulation or agreement are reported as deferred revenue on the Consolidated Statement of Financial Position, while other reserve funds and reserves are balances within the accumulated surplus.

2. Accounts Receivable

Accounts receivable consist of the following:

	2017	2016
	\$	\$
Government of Canada	183,495	161,336
Government of Ontario	177,367	160,722
Other municipal governments	52,145	24,817
School boards	5,690	1,323
Utility fees	205,744	200,896
Parking tags and court services fines	110,773	118,588
Solid waste - user fees and rebates	41,489	51,773
Interest accrued on investments	26,445	24,599
Trade receivables – City's Agencies and Corporations	71,082	61,514
Other fees and charges	201,973	198,707
	1,076,203	1,004,275

3. Loans receivable

Loans receivable consist of the following:

Loans receivable consist of the following:		
	2017	2016
	\$	\$
BTI loan receivable from Pinewood Toronto Studio Inc. (PTSI) of \$33,404 was converted on March 10, 2017. PTSI made payments of \$1,700 on the day of renewal and \$618 during the year.		33,404
BTI's new loan facility of \$31,134 was converted to a 10-year conventional with a 25-year amortization period at an interest rate of 3.33% effective March 15, 2017 and matures on March 15, 2027. The loan is secured by a leasehold mortgage, shareholder guarantees, and a first charge against the assets of PTSI.	31,134	-
BTI Vendor-take-back (VTB) mortgage receivable balance of \$17,919 was related to a property sale transaction in September 2016. The VTB mortgage has an interest rate of 4.75% per annum payable in arrears with a maturity date of March 2018 and a promissory note of \$3,512 were also issued at an interest rate of 5% per annum. The notes secure obligations of the Purchaser to build the shell portion of the building.	21,431	20,630
TCHC Mortgages receivable related to sales-type leases from 2010 to 2057 for commercial space in a TCHC building. Maturities vary from May 11, 2037 to May 11, 2057. The interest rates on these mortgages vary from 4.877% to the negotiated debenture coupon rate at the expiry of debenture Series A bonds that are due on May 11, 2037.	11,643	11,699
TCHC loan agreement with Dundas and Parliament Development Corporation (DPDC) to finance the pre-development and construction of the condominium building. As at December 31, 2017 \$2,367 had been advanced. In 2017, TCHC sold land to developers and received cash and three loan receivable totalling \$35,591 bearing no interest rate for a period of one year and 4.5% per annum thereafter with maturity dates of February 15, June 2 and June 8, 2019 respectively. The receivable of \$35,591 related to gain on sale of land.	37,958	2,374
In 2016, TCHC sold land to Soul Residence Inc. (SRI) and Connect Residence Inc. (CRI) in exchange for promissory notes of \$4,854 and \$4,946 respectively. Those promissory notes are non-interest bearing and repayment is due on the earlier of the final closing of the market units or the termination of the development project. TCHC also sold land to a developer with a 3% loan receivable of \$3,732 with a maturity date of November 14, 2019.	13,532	13,423
Loans receivable from community housing organizations bearing interest at rates from 0% to 5% (2016 - 0% to 5%) per annum, maturing from 2017 to		
2074.	41,805	36,202
	157,503	117,732

4. Other Assets

Other assets consist of the following:

	2017	2016
	\$	\$
BTI's investment property at the Film Studio \$13,159 (2016 - \$13,159). 20% interest in Toronto Waterfront Studio Inc. (TWSI) of \$3,867 (2016 - \$3,342) and joint venture agreement with Build Toronto Holdings (Harbour) Inc. (BTHHI) \$22,172 (2016 - \$22,424) to develop a condominium project.	39,198	38,925
Real Estate inventory that was valued at a market value of \$123,683 consists of capitalized actual costs including decommissioning cost, development cost, and pre-acquisition cost.	26,980	17,542
Provincial affordability housing grants for the development of five TCHC projects are paid monthly over 20 years until 2034 and have been set up as grants receivable. The remaining Grants receivable are from the Province of Ontario resulting from a contribution agreement for housing projects.	31,481	16,572
TCHC's equity in Joint Ventures consists of a co-tenancy agreement with a developer for the construction of certain properties in Regent Park and a loan agreement with Parliament and Gerrard Development Corporation (PGDC) to finance the pre-development costs of condominium buildings. Additionally, TCHC's wholly owned subsidiaries Railway Lands Development Corporation (RLDC) and Allenbury Garden Development Corporation (AGDC) have entered into equal interest co-tenancy agreement with a development for the construction of certain properties.	14 710	16 272
developer, for the construction of certain properties.	14,719	16,373
Other	4,725	6,185
	117,103	95,597

5. Investments

Investments consist of the following:

		2017	
	Cost \$	Market value \$	Carrying value \$

Municipal and Federal government bonds include bonds held in trust by the insurance carrier as collateral for the provision of automobile and primary liability insurance with a carrying value of \$70,052 (2016 - \$70,357). The weighted average yield on the cost of the bond investment portfolio during the year was 2.81% (2016 – 2.71%). Maturity dates on investments in the portfolio range from 2018 to 2043 (2016 - 2017 to 2045). Included in the City's municipal government bonds portfolio are City of Toronto debentures at coupon rates varying from 2.40% to 6.80% (2016 – 2.95% to 6.80%) with a carrying value of \$235,511 (2016 - \$251,430).

During 2017, TCHC received \$111,769 of the proceeds from long-term debt issued as investments for capital expenditures under restrictions with IO. As at December 31, 2017, TCHC has the amount of \$145,800 included in investments for capital expenditures under restrictions with IO.

On March 28, 2017 City Council adopted the report on establishment of an Investment Board and delegated its authority to the Board to manage City's investment of funds not immediately required by the City, as is required by Regulation 610/06, Financial Activities, under the City of Toronto Act, 2006. The Province approved amendments to the Ontario Regulation 610/06, to allow the City to add securities such as equities and non-bank corporate bonds to its current holdings. This regulation came into force on January 1, 2018.

6. Investments in Government Business Enterprises (GBEs)

Government business enterprises consist of 100% interest in Toronto Hydro Corporation (a hydro-electric local distribution company), Toronto Parking Authority (an operator of public parking for the City of Toronto), and Toronto Port Lands Company (a company involved in development of real estate in the Toronto port lands).

Details of the continuity of the book value of these investments are as follows:

	2017 \$	2016 \$
Balance - beginning of year	2,069,348	2,025,649
Additional investment in Toronto Hydro	250,000	-
Income from operations (Appendix 1)	234,785	164,290
Dividends received (Appendix 1)	(75,000)	(63,399)
Distribution to City (Appendix 1)	(57,406)	(58,712)
Change in net book value of street-lighting assets eliminated on sale to Toronto Hydro Corporation (Appendix 1)	1,520	1,520
	1,020	1,020
Balance - end of year (Appendix 1)	2,423,247	2,069,348

On June 28, 2017, the Toronto Hydro Corporation issued 200 common shares to the City for total proceeds of \$250,000, net of share issue costs and expenses.

a) Investment in Government Business Enterprises is comprised of equity as follows:

		2017 \$	2016 \$
Toronto Hydro Corporation	Equity	1,735,916	1,397,196
Toronto Parking Authority	Equity	304,076	294,819
Toronto Port Lands Company	Equity	383,255	377,333

2,423,247

2,069,348

- b) Condensed financial results for each government business enterprise are disclosed in Appendix 1 to the notes to these consolidated financial statements.
- c) Government Business Enterprise Earnings on the Consolidated Statement of Operations and Accumulated Surplus consists of the following:

	2017 \$	2016 \$
Income from Operations (Appendix 1) Change in net book value of street-lighting assets eliminated	234,785	164,290
on sale to Toronto Hydro Corporation (Appendix 1)	1,520	1,520
Government Business Enterprise Earnings	236,305	165,810

d) Related party transactions between the City and its government business enterprises are as follows:

	2017	2016
	\$	\$
Purchased by the City: Street-lighting, electricity, and maintenance services from Toronto Hydro		
Corporation	283,300	275,300

e) Principal repayment due dates of long-term debt of the GBEs are as follows:

	Due to others \$
2018	512
2019	250,539
2020	567
2021	300,597
2022	627
Thereafter	1,485,707
	2,038,549

7. Bank Indebtedness

The City has an unsecured demand revolving credit facility in the amount of \$100,000 (2016 - \$100,000) bearing interest at the bank prime rate with an effective rate during 2017 of 3.2% (2016 - 2.70%) per annum.

TCHC has a committed revolving credit facility of \$200,000 (2016 - \$200,000) that is available for short-term advances and letters of credit, with standby charges of 0.25%. Short-term advances are available by way of a prime loan at the bank prime rate and bankers' acceptances (BAs) at the bank BA rate plus 1.10%. Short-term advances of \$nil (2016 - \$32,000) have been used during the year.

TAF has a revolving line of credit to a maximum of \$2,000, repayable on demand, with a Canadian chartered bank at the bank prime rate plus 0.5% per annum, secured by TAF's fixed income investment portfolio. The line of credit balance drawn as of December 31, 2017 was \$nil (2016 - \$320).

519 Church Street Community Centre has a line of credit of \$350. The interest rate on the line of credit is prime plus 2% and is secured by the Centre's short-term investments, of which \$nil was utilized at year-end (2016 - \$58).

During 2015, Toronto Waterfront Revitalization Corporation secured a revolving credit facility which provides for a maximum borrowing amount of \$40,000 subsequently reduced to \$37,000 in 2017. The facility bears interest at the bank prime rate less 0.25%. The interest rate was 2.45% as at December 31, 2017. The facility is secured by a first lien interest over several of the Corporation's properties in the City of Toronto, and a General Security Agreement creating a first priority interest over property of the Corporation not obtained through a contribution agreement, including accounts receivables. The Corporation had not drawn on the facility and the full \$37,000 (2016 - \$40,000) remained available as at December 31, 2017.

Bank indebtedness consists of the following:	2017 \$	2016 \$
City, net outstanding cheques Toronto Housing Corporation	49,381 -	33,478 32,000
Toronto Atmospheric Fund	-	320
519 Church Street Community Centre	-	58
	49.381	65.856

8. Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities consist of the following:

	2017	2016
	\$	\$
Trade payables and accruals	2,406,957	2,377,308
School boards	466,399	452,427

TTC – environmental liabilities (Note 17h)	8,125	5,332
Contaminated sites liabilities	7,489	6,789
	562,770	615,685

11. Landfill Closure and Post-Closure Liabilities

The Ontario *Environmental Protection Act* (the "Act") sets out the regulatory requirements for the closure and maintenance of landfill sites. Under the Act, the City is required to provide for closure and post-closure care of solid waste landfill sites. The costs related to these obligations are provided for all inactive landfill sites and active landfill sites based on usage.

Active Sites

In 2007, the City acquired the Green Lane Landfill, securing the City's long-term disposal requirements. The landfill is located in the Township of Southwold, Elgin County, Ontario. The landfill is projected to reach its approved capacity by the end of 2034, based on Toronto achieving a 70% residential waste diversion rate. The post-closure care period is expected to occur in perpetuity.

The estimated liability for the care of this landfill site is the present value of future cash flows associated with closure and post-closure costs discounted using the City's average long-term borrowing rate of 3.9% (2016 – 3.7%). The estimated present value of future expenditures for closure and post-closure care as at December 31, 2017 is \$10,131 (2016 - \$9,556), based on the percentage of total approved capacity used of 49.93% (2016 – 47.15%).

In order to help reduce the future impact of these obligations, the City has established two reserve fund accounts. The Green Lane account holds surpluses from the operations of the Green Lane landfill site, and the Green Lane Perpetual Care account provides funding for the future costs of long-term post-closure care of the Green Lane landfill site. The balance in the Green Lane account as at December 31, 2017 was \$14,567 (2016 - \$14,586) and the balance in the Green Lane Perpetual Care account as at December 31, 2017 was \$4,751 (2016 - \$4,227). Total contributions to the Green Lane Perpetual Care account of \$503 (2016 - \$483) were based on a contribution rate of 95ϕ (2016 - 89ϕ) per tonne of waste disposed. Both of these reserve fund accounts are included as part of the State of Good Repair Reserve Fund (Note 18).

Inactive Sites

The City has identified 160 (2016 - 160) inactive landfill sites for which it retains responsibility for all costs relating to closure and post-closure care (Note 17(i)).

Post-closure care activities for landfill sites are expected to occur in perpetuity and will involve surface and ground water monitoring, maintenance of drainage structures, monitoring leachate and landfill gas, and maintenance of the landfill cover.

The estimated liability for the care of inactive landfill sites is the present value of future cash flows associated with closure and post-closure costs discounted using the City's average long-term borrowing rate of 3.9% (2016 - 3.7%). The estimated present value of future expenditures for post-closure care as at December 31, 2017 was \$123,576 (2016 - \$128,545).

In order to help reduce the future impact of these obligations, the City has established a reserve fund for the care of these sites and maintains a trust fund in satisfaction of requirements of the Ministry of the Environment. The balance in the Solid Waste Management Perpetual Care Reserve Fund as at December 31, 2017 was \$29,653 (2016 - \$39,373) and is included as part of the State of Good Repair Reserve Fund (Note 18), and the balance in the Keele Valley Site Post-Closure Trust Fund as at December 31, 2017 was \$7,573 (2016 - \$7,552) (Note 23).

The total landfill closure and post-closure liabilities are as follows:

	2017	2016
	\$	\$
Active landfill site (Green Lane)	10,131	9,556
Inactive landfill sites	123,576	128,545
	133,707	138,101

Landfill closure and post-closure costs totalling \$10,300 (2016 - \$7,456) were expensed during the year.

12. Mortgages Payable

Mortgages payable are as follows:

	2017	2016
	\$	\$
Mortgages issued by TCHC, bearing interest at rates ranging from 1.39% to 12.75% (2016 – 1.39% to 12.75%) per annum, with maturities ranging from 2018 to 2048, and collateralized by housing properties owned by TCHC with a net book value of approximately \$1,615,349 (2016 - \$1,576,439).	284,936	363,098
Mortgages issued by BTI, bearing interest at 3.33% per annum, maturing on March 15, 2027. The mortgage is secured by the assets and corporate guarantees of Build Toronto Holdings One Inc. (BTHOI), the future leasehold charge related to the land lease on additional expansion lands to be developed, BTI and the common		
shares of PT Studios Inc.	31,134	
	316,070	363,098

Principal repayments on mortgages are due as follows:

	\$
2018	33,450
2019	20,960
2020	22,383
2021	23,643
2022	23,915
Thereafter	191,719
	316,070

Principal payments made in 2017 were \$nil on the BTI mortgages, and \$78,162 (2016 - \$147,736) on the TCHC mortgages.

13. Net Long-Term Debt

Provincial legislation restricts the use of long-term debt to finance only capital expenditures. Provincial legislation also allows the City to issue debt on behalf of the Toronto District School Board ("TDSB") at TDSB's request. The responsibility of raising the amounts to service these liabilities lies with TDSB. The debt is a direct, joint and several obligation of the City and TDSB. As at December 31, 2017, due from TDSB was \$nil (2016 - \$4,600).

The net unsecured long-term debt reported on the Consolidated Statement of Financial Position comprises the following:

	2017	2016
Debentures issued by the City, bearing interest at various rates ranging from 2.40% to 8.00% (2016 - 2.40% to 8.00%) per annum, maturing from 2018 to 2046.	\$ 6,264,192	\$ 5,824,047
TCHC Debentures issued include issuing costs and interest and are amortized over the terms of the debt. These issues consist of series A bonds of \$250,000 at 4.877% (2007 to 2037) and series B bonds of \$200,000 at 5.395% (2015 to 2048).	445,526	445,404
From 2013 to 2017, Infrastructure Ontario (IO) provided loans to TCHC, which are secured loans funded by various floating rates as well as fixed rates ranging from 2.33% to 4.53% and are also subject to financial covenants, maturing 2018 and 2043 to 2047. During 2017, TCHC received \$111,769 of the proceeds from long-term debt issued as investments for capital expenditures under restrictions with IO. As at December 31, 2017, TCHC has the amount of \$145,800 included in investments for capital expenditures with IO.	853,083	482,395
In April 2017, Lakeshore Arena Corporation obtained two credit facilities from infrastructure Ontario (IO). The credit facilities, bearing interest at 3.48%, payable in equal monthly blended installments with maturity date of October 31, 2042. The credit facilities are secured by a mortgage over the property, a general security agreement, and assignment of rents and leases. Debt issued by Lakeshore Arena Corporation with outstanding amount of \$19,259 was fully paid during 2017.	26,700	19,259
TCHC bridge-loan of \$35,440 converted to a 12-year interest rate swap facility in 2006 with a fixed interest rate of 4.55% and with an unrealized loss of approximately \$136 (2016 - \$1,110) maturing on February 15, 2018.	25,682	28,177
Build Toronto Inc. Ioan facility agreement provided for conversion of the facility to a 25-year amortizable debenture with a borrowing rate currently at 1.86% (2016-1.80%). The Ioan is secured by the assets and corporate guarantees of Build Toronto Holdings One Inc. (BTHOI), the future leasehold charge related to the land lease on additional expansion lands to be developed, the Company and the common shares of PT Studios Inc. (PTSI). In March 2017 BTI Ioan facility agreement was converted into a 10-year term mortgage (Note 12).		33,407
In November 2016, BTI obtained a new loan facility, comprised of an interim construction loan and an operating loan, bearing interest at prime plus 0.50% and bankers' acceptances at 2%, and prime plus 0.50% per annum respectively. BTI started to draw down on the loan in February 2017 and the total amount is payable on July 2018. The loan facility is collateralized by a first mortgage charge on the construction site, guarantee, insurance policies and by assignment of term deposits, rents and leases.	12,306	-
Other, bearing interest from 1.75% to 8.05% maturing from 2018 through 2027.	3,284	1,355
Debentures issued by the City on behalf of the TDSB, bearing interest at 6.10% (2016 - 6.10%) per annum, which matured in 2017.		75,846
City sinking fund deposits bearing interest at rates between 2% and 5% (2016 - 2% to 5%) per annum.	(1,680,843)	(1,766,234)
TDSB sinking fund deposits bearing interest at 5% (2016 - 5%) per annum, which matured in 2017.	-	(71,246)
	5,949,930	5,072,410

Principal repayments are due as follows:

	\$
2018	459,393
2019	402,567
2020	356,796
2021	363,345
2022	306,679
Thereafter	4,061,150
	5,949,930

Principal payments made in 2017 were \$877,520 (2016 - \$511,007).

Included in net long-term debt are outstanding debentures of \$6,025,000 (2016 - \$5,625,000) for which there are sinking fund assets with a carrying value of \$1,745,341 (2016 - \$1,926,667) and a market value of \$1,741,064 (2016 - \$1,854,635).

Sinking fund assets are comprised of short-term notes and deposits, government and governmentguaranteed bonds and debentures, and corporate bonds. Government and government-guaranteed bonds and debentures include City of Toronto debentures with a carrying value of \$106,108 (2016 - \$118,285) and a market value of \$124,076 (2016 - \$133,662).

14. Employee Benefit Liabilities

Employee benefit liabilities as at December 31 are as follows:

2016

a) Sick leave benefits, WSIB obligations, and other employment and post-employment benefits

Actuarial valuation reports were prepared for the valuation of post-retirement, post-employment, sick leave gratuity and self-insured Workplace Safety Insurance Board ("WSIB") benefit plans for the City, Toronto Police Services and the City's Agencies and Corporations as at December 31, 2017. The significant actuarial assumptions adopted in measuring the City's accrued benefit obligations and benefit costs for these post-retirement and post-employment, and other retirement benefits are as follows:

	2017	2016
Discount rate for accrued benefit obligation:		
Post-employment	2.8%	2.7%
Post-retirement	3.2%	3.5%
Sick leave	3.0%	3.1%
WSIB	3.0%	3.1%
Rate of compensation increase	2.25% to 3.5%	1.18% to 3.5%
Health care inflation – LTD, hospital and other medical	3.0% to 7.0%	3.0% to 7.0%
Health care inflation – Dental care	3.0% to 4.0%	3.0% to 4.5%
Health care inflation – Drugs	6.0% to 8.35%	6.0% to 10.0%
	2017	2016
Discount rate for benefit costs:		
Post-employment	2.7%	2.5%
Post-retirement	3.5%	3.4%
Sick leave	3.1%	2.9%
WSIB	3.1%	2.9%
Rate of compensation increase	1.18% to 3.5%	1.18% to 3.5%
Health care inflation – LTD, hospital and other medical	3.0% to 7.0%	3.0% to 7.0%
Health care inflation – Dental care	3.0% to 4.5%	3.0% to 4.5%
Health care inflation – Drugs	6.0% to 10.0%	6.0% to 10.0%

For 2017 benefit costs and year end 2017 benefit obligations, the health care inflation rate for Long-Term Disability (LTD), hospital, other medical, and drugs is assumed to reduce to 4.50% by 2030.

(i) Vested Sick Leave Benefit Liability

Under the sick leave benefit plan, employees were credited with a maximum of 18 days sick time per annum. Unused sick leave can accumulate and employees may become entitled to a cash payment, capped at one half (or 100% for former City of Toronto employees who retire) of unused sick time to a maximum of 130 days when they leave the City's employment. The liability for the accumulated sick leave represents the extent to which sick leave benefits have vested and could be taken in cash by employees on termination of employment. A Sick Leave Reserve Fund is established to help reduce the future impact of these obligations.

Effective March 1, 2008, a new short-term disability plan for all management and non-union employees (approximately 4,000) came into effect. Under the plan, existing employees in this group, who had a vested payout entitlement (10 or more years of service), had their sick days and service frozen as of March 1, 2008 and are entitled to a future payout of this frozen entitlement upon termination based on the former municipality's policy provisions. Employees with less than 10 years of service as of March 1, 2008 had their days frozen and are not entitled to a future payout. Instead, they can use these days to top up their short-term disability plan, if necessary. The new short-term disability plan does not have a cash payout provision and will help contain sick leave benefit liabilities over time.

In addition, effective July 31, 2009, the City ratified new collective agreements with TCEU Local 416 and CUPE Local 79, which provided for a new Illness or Injury Plan ("IIP") to replace the existing Sick Pay Plan ("SPP") for all employees hired after July 31, 2009. During 2009, all employees hired on or before the date of ratification who were in an SPP were provided with a one-time option to join the new IIP, effective January 1, 2010, and receive a partial payout of their sick credits or freeze their sick credits for a payout upon termination/retirement. As a result, 40% of this group of employees joined the IIP, reducing the City's sick leave liability.

As of December 31, 2017, the balance in the Sick Leave Reserve Fund is \$43,900 (2016 - \$41,040) and is included in the Employee Benefits Reserve Fund grouping (Note 18). Payments during the year amounted to \$53,516 (2016 - \$47,651).

(ii) WSIB Obligations

The City is a Schedule 2 employer under the *Workplace Safety and Insurance Act* and, as such, assumes responsibility for financing its workplace safety insurance costs. The accrued obligation represents the actuarial valuation of claims to be insured based on the history of claims with City employees. A Workers' Compensation Reserve Fund was established to help reduce the future impact of these obligations. As at December 31, 2017, the balance in the Workers' Compensation Reserve Fund is \$13,623 (2016 - \$12,496) and is included as part of the Employee Benefits Reserve Fund (Note 18). Payments during the year by the City to the WSIB amounted to \$46,716 (2016 - \$46,481).

(iii) Other Employment and Post-Employment Benefits

The City provides health, dental, life insurance and long-term disability benefits to certain employees. The accrued liability represents the actuarial valuation of benefits to be paid based on the history of claims with City employees. An Employee Benefits Reserve Fund was established to help reduce the future impact of these obligations. As at December 31, 2017, the balance in the Employee Benefits Reserve Fund was \$221,890 (2016 - \$203,730) and is included as part of the Employee Benefits Reserve Fund (Note 18). Payments during the year amounted to \$59,798 (2016 - \$59,241).

b) Pension benefits

(i) OMERS Pension Plan

The City makes contributions to the Ontario Municipal Employees' Retirement System plan ("OMERS"), a multi-employer pension plan, on behalf of most of its employees. The plan is a defined benefit plan that specifies the amount of the retirement benefit to be received by the employees based on length of service and rates of pay. Employees and employers contribute jointly to the plan.

Because OMERS is a multi-employer pension plan, the City does not recognize any share of the pension plan surplus of \$605 (2016 - \$2,341) based on the fair market value of the Plan's assets, as this is a joint responsibility of all Ontario municipalities and their employees. Employer contributions for current service amounted to \$212,095 (2016 - \$194,049) and were matched by employee contributions in a similar amount.

The amount contributed for past service to OMERS for the year ended December 31, 2017 was \$831 (2016 - \$696). Employer's contributions for current and past service are included as an expenditure on the Consolidated Statement of Operations and Accumulated Surplus.

(ii) TTC Pension Plan

The TTC participates in a joint defined benefit/defined contribution pension plan that covers substantially all of its employees. This pension plan is registered as a Jointly Sponsored Pension Plan (JSPP) effective January 1, 2011. The pension plan is operated by the Toronto Transit Commission Pension Fund Society (the "Society"), a separate legal entity. The Society provides pensions to members, based on the length of service and average base year (pensionable) earnings. The Society also administers defined benefit supplemental plans designed to pay employees and executives the difference between their earned pension under the by-laws of the Society and the maximum allowable pension under the Income Tax Act (Canada).

The City has accounted for its 50% portion of the plan in accordance with the standards for defined benefit plans.

Actuarial valuations of the pension plan are carried out each year, as at December 31, with the most recent valuation carried out on December 31, 2017. Plan assets are carried at market value. Since there is uncertainty about the TTC's right to the funded surplus, these amounts have not been reflected in the Consolidated Statement of Financial Position. As a result, the accrued benefit asset as at December 31, 2017 is comprised solely of unamortized actuarial losses.

The significant actuarial assumptions for the TTC Pension Plan are as follows:

	2017	2016
Discount rate	6.00%	5.50%
Expected rate of return on plan assets	6.00%	5.50%
Rate of increase in salaries	3.25%	3.25%
Inflation rate	2.00%	2.00%

(iii) City Sponsored Pension Plans

The City sponsors five defined benefit pension plans that provide benefits to employees who were employed prior to the establishment of the OMERS pension plan. The plans cover closed groups of employees hired prior to July 1, 1968 and provide for pensions based on length of service and final average earnings.

The plans provide increases in pensions to retirees and their spouses in accordance with the criteria set out under the applicable by-laws. As at December 31, 2017, there are no members left in the plan (2016 – 1 with age of 71). There were also 2,976 (2016 - 3,188) pensioners with an average age of 81.3 (2016 – 80.3) and 2,358 (2016 - 2,449) spousal beneficiaries in receipt of a pension, with an average age of 83 (2016 - 82.5). Pension payments and refunds during the year were approximately \$140,729 (2016 - \$146,078).

Given that all remaining members in the plans have over 35 years of service, there are no contributions being made into the plans.

Actuarial valuations for funding purposes for each of the five plans are carried out annually using the projected benefit method pro-rated on service. The most recent actuarial funding reports were prepared as at December 31, 2017. The accrued benefit obligation as at December 31, 2017 is based on actuarial valuations for accounting purposes as at December 31, 2017. The actuarial gains or losses in each of the five plans are accounted for in 2017. The Pension Benefits Act of Ontario requires that the sponsor fund the Fund's benefit obligation as determined by an annual actuarial valuation. For December 31, 2017, there is no employer special payment to cover an irrevocable Letter of Credit (2016 - \$20,933) that had been mandated to fund solvency-deficiency position in 2017. As a result of the 2016 actuarial valuation, this letter of credit was cancelled in 2017.

The actuarial valuations were based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases, and employee turnover and mortality. The assumptions used reflect the City's best estimates. The inflation rate is estimated at 2.3% per annum (2016 - 2.30%) and the rate of compensation increase is estimated at 3.50% per annum (2016 - 3.50%) for determining the accrued benefit obligation. The discount rate used to determine the December 31, 2017 accrued benefit obligation is 5.00% (2016 - 5.10%) and the discount rate used to determine the fiscal year 2017 benefit cost is 5.10% (2016 - 5.20%).

Pension plan assets are valued at market values. The expected rate of return on plan assets is 5.10% (2016 - 5.10%) per annum, net of all administrative expenses. The actual return on the market value of plan assets during the year was a gain of 5.48% (2016 – 6.81%). The pension plans hold the following mix of assets: Cash and equivalents 1.3%, Bonds and Fixed Income 64.9%, Canadian equities 19.1%, and foreign equities 14.7%.

As at December 31, 2017, all plans (2016 - all plans), the Toronto Civic Employee Pension Plan, the Metropolitan Toronto Pension Plan, the Toronto Firefighters Pension Plan, the City of York Employee Pension Plan, and Metropolitan Toronto Police Pension Plan are in a surplus position (shaded in the table below). Since there is uncertainty about the City's right to this accrued benefit asset, historically these amounts have not been reflected in the Consolidated Statement of Financial Position.

Merger discussions between the City, the pension funds, and OMERS have continued throughout 2017 and into 2018. These potential mergers require completion of discussions, approval by all three entities for each of the five funds, completion of regulatory requirements, including approval of Financial Services Commission of Ontario (FSCO). Although regulatory approvals are required, it is likely that four of the funds will be merged into OMERS, and there will be a sharing of surpluses in 2019. As the valuations will be completed and any surplus sharing can only occur after completion of regulatory processes and after the effective dates of transfer to OMERS of the pension liabilities in each fund, the assets and the estimate of the City's portion of surplus in each fund is uncertain at this time, therefore, no estimate of the City's portion of surpluses has been recorded in these financial statements.

	2017	2017	2017	2016
	Pension assets – market value – end of year	Actuarial pension obligation – end of year	Net actuarial surplus	Net actuarial surplus
	\$	\$	\$	\$

15. Tangible Capital Assets

Tangible capital assets consist of the following:

		2017		2016
		Accumulated	Net book	Net book
	Cost	amortization	value	value
	\$	\$	\$	\$
General				
Land	3,637,426	-	3,637,426	3,615,218
Land improvements	1,003,984	437,572	566,412	561,158
Buildings and building improvements	10,402,546	3,537,837	6,864,709	5,406,926
Machinery and equipment	2,641,813	1,452,064	1,189,749	962,138
Motor vehicles	2,585,153	1,612,672	972,481	865,601
Total General	20,270,922	7,040,145	13,230,777	11,411,041
Infrastructure				
Land	140,044	-	140,044	140,046
Buildings and building improvements	715,064	178,402	536,662	541,250
Machinery and equipment	2,362,987	1,141,943	1,221,044	1,198,513
Water and wastewater linear	6,363,767	2,292,831	4,070,936	4,040,473
Roads linear	4,591,679	2,197,864	2,393,815	2,280,538
Transit	8,531,075	4,031,800	4,499,275	3,393,051
Total Infrastructure	22,704,616	9,842,840	12,861,776	11,593,871
Assets under construction	4,371,369	-	4,371,369	5,578,757
Total	47,346,907	16,882,985	30,463,922	28,583,669

General capital assets include those assets which are not part of a network. Land includes all of the City's land except land under the roads. Land improvements include outdoor parks and recreation facilities, land improvements around buildings, and the active landfill site. Buildings include office buildings, community centres, police, fire and ambulance stations, TCHC housing units and transit buildings. Machinery and equipment includes equipment used by Fire and Toronto Paramedic Services as well as computers and furniture. Corporate fleet and transit buses make up the vehicle assets.

Infrastructure assets are described as those capital assets which are part of one of three networks: roads, water/wastewater, and transit. The land within this category is the value of the land under the City's roads. Water and wastewater treatment plants, pumping stations, and storm facilities are included within infrastructure buildings and building improvements. Machinery and equipment include expressway signs and traffic signals, as well as equipment within the water and wastewater treatment plants and pumping stations related to the relevant processes. Water and wastewater infrastructure includes the pipe networks which deliver the water and which remove the waste water. Road networks are inclusive of the road bases, surfaces and sidewalks. Transit infrastructure includes assets related to the subway system, rolling stock, track work and power distribution.

General machinery and equipment includes capital leases from TCHC totalling \$5,760 (2016 - \$7,040).

Contributed (Donated) Tangible Capital Assets

Contributed tangible capital assets are recognized at fair market value at the date of contribution. Contributed assets received during the year were valued at \$nil (2016 - \$3,047) for land, \$nil (2016 - \$15,579) for land improvements, \$nil (2016 - \$10,104) for buildings and building improvements, \$nil (2016 - \$1,291) for machinery and equipment and \$nil (2016 - \$8,500) for roads linear.

Tangible Capital Assets Recognized at Nominal Value

Tangible capital assets are recognized at nominal value whenever fair value cannot be determined. Land is the only capital asset category which includes nominal values and these are primarily for small parcels of land such as reserve strips and walkways.

Works of Art and Historical Treasures

The City of Toronto owns both works of art and historical treasures at various City owned facilities such as Casa Loma, Old City Hall, and its museums, such as Fort York. The City of Toronto maintains and preserves these assets because of their historical and cultural significance. These assets are not recorded as tangible capital assets and are not amortized.

Impairment of Tangible Capital Assets

Capital asset condition and state of good repair reviews are conducted on a regular basis to assess potential impairments. Minor impairments are addressed through the capital plans. Any capital assets which are significantly impaired are written down by the value of the impairment.

Additional information on the City's tangible capital assets is provided in Schedule 1.

16. Inventories and Prepaid Expenses

	2017 \$	2016 \$
Prepaid Expenses	118,886	135,448
Inventories	156,614	157,053
Inventories of Surplus Property	111,799	113,309
	387,299	405,810

17. Commitments and Contingencies

- a) The City is subject to various litigation and claims arising in the normal course of its operations. The final outcome of the outstanding claims cannot be determined at this time. Any amendment to amounts accrued will be recorded once new information becomes available.
- b) Exposures on property, liability, and accident claims are covered by a combination of self-insurance and coverage with insurance carriers. Provisions for property, liability and accident claims are recorded in other liabilities (Note 10) on the Consolidated Statement of Financial Position in the aggregate amount of \$538,858 (2016 \$585,835).
- c) On December 21, 2006, a contract was awarded by the TTC for the purchase of 234 subway cars or 39 train sets. In May 2010, the TTC approved purchasing an additional 10 subway train sets for the Toronto-York Spadina Subway line extension and 21 replacement train sets. In March 2014, the TTC approved a further purchase of 10 train sets for future ridership growth bringing the total delivery requirement to 80 train sets. In June 2015, an amendment to the contract was authorized by TTC for modification of four 6-car trainsets into six 4-car trainsets to support the conversion to ATC-equipped trainsets. This brought the total delivery requirements to 82 trainsets, with the total contract value of \$1,510,800. At December 31, 2017, 82 train sets had been delivered at a cost of \$1,452,500. The outstanding commitment as at December 31, 2017 is \$58,300.
- d) On June 26, 2009, a contract was awarded by the TTC for the design and supply of 204 Light Rail Vehicles ("LRVs"). As at December 31, 2017, the total contract cost was \$1,011,300. As at December 31, 2017, 62 LRVs had been delivered and TTC had incurred costs of \$652,800. The balance of the
deliveries will continue in 2018 with all 204 cars scheduled for delivery by 2019. As at December 31, 2017, the outstanding commitment is \$358,500.

- e) In July 2012, a contract was awarded by the TTC for purchase of 27 60-foot Articulated Low Floor Clean Diesel Buses. In March 2013, TTC approved an amendment to the contract authorizing the purchase of 126 additional 60-foot Articulated Low Floor Clean Diesel Buses and on April 30, 2014 a subsequent contract was awarded for 55 additional 40-foot low floor clean diesel buses. In February 2015 and July 2015, TTC approved a further purchase of 50 40-foot low floor clean diesel buses and 108 40-foot low floor clean diesel buses respectively. In May 2016 and November 2016, the TTC approved the purchase of 97 additional 40-foot low floor clean diesel buses and 285 40-foot low floor clean diesel buses respectively. In September 2017, a subsequent contract was awarded for 325 40-foot low floor clean diesel buses, bringing the total delivery requirement to 1,073 buses. The total contract as at December 31, 2017 is \$730,700. At December 31, 2017, 707 buses had been delivered at a cost of \$473,700, with 366 buses to be delivered in 2019. As at December 31, 2017, the outstanding commitment is \$257,000.
- f) In March 2017, a contract was awarded by the TTC for purchase of 20 low floor Wheel-Trans mini buses. In September 2017, the TTC authorized the procurement of an additional 60 low floor Wheel-Trans mini buses. As at December 31, 2017, the total contract value was \$14,800. As December 31, 2017, 11 buses had been delivered at a cost of \$2,100 with 69 buses to be delivered in 2018. As at December 31, 2017, the outstanding commitment is \$12,700.
- g) As at December 31, 2017, the TTC has other various capital project contractual commitments of \$643,200 (2016 - \$593,900). Of this amount, \$172,700 (2016 - \$130,500) relate to multi-component shared projects for Toronto Waterfront, Toronto-York Spadina Subway Extension project (TYSSE) and TTC; contractual commitments of \$42,000 (2016 - \$119,800) relate to the TYSSE project and \$428,500 (2016 - \$343,600) relate to various TTC construction projects.
- h) The TTC and Build Toronto have provisions for environmental costs of \$8,125 (2016 \$5,332); and \$8,298 (2016 \$17,729) respectively. These estimated costs based on third-party engineering reports are to cover estimated costs of remediating sites with known contamination for which these entities are responsible. Given that the estimate of environmental liabilities is based on a number of assumptions, actual costs may vary. The estimated amounts of future restoration costs are reviewed regularly, based on available information and governing legislation. Provisions for environmental costs are recorded in other liabilities (Note 10) on the Consolidated Statement of Financial Position.
- i) The Ministry of the Environment has issued Certificates of Approval for 33 (2016 30) of the identified 160 (2016 - 160) inactive landfill sites. Applications for Certificates of Approval at other inactive sites may be required prior to the commencement of any remediation work. It is not possible to quantify the effect, if any, of this request on these consolidated financial statements beyond those amounts recorded as landfill closure and post-closure liabilities (Note 11).
- j) Council has approved the Policy for the Provision of Line of Credit and Loan Guarantees for Cultural and Community-Based Organizations that have a financial relationship with the City. The total amount of all lines of credit provided by the City under the policy for operating line of credit guarantees is limited to \$10,000 in the aggregate. The total amount of all capital loan guarantees provided by the City under the policy for capital loan guarantees is limited to \$300,000 in the aggregate, with individual loan guarantees being limited to a maximum of \$10,000 unless otherwise approved by Council. The total amount of all direct loans provided by the City under the policy for direct City loans is limited to \$125,000 in the aggregate. At December 31, 2017 the City had provided capital loan guarantees to certain third parties amounting to \$43,672 (2016 \$38,066), and operating line of credit guarantees of \$5,995 (2016 \$5,905), primarily related to several cultural non-profit organizations, and direct City loans amounting to \$60,064 (2016 \$70,100), primarily to City agencies.

Interest terms on the direct City loans were generally set equivalent to the cost of City borrowing at the time the loans were made. The repayment maturity dates on these loans typically range from 20 to 30 years. For loans guaranteed by the City, third party financing rates to community organizations are closer to prime interest rates, on terms ranging from 5 to 30 years.

The City maintains priority lender status on direct City loans, and has the right to remedy any defaults on line of credit and loan guarantees. Further, the City has established a doubtful loan reserve to serve as source for funding any potential losses. The current balance in this fund is \$250 as at 2017 year end (2016 - \$250).

k) At December 31, 2017, the City is committed to future minimum annual operating lease payments for premises and equipment as follows:

	\$
2018	65,201
2019	45,329
2020	39,359
2021	27,016
2022	19,562
Thereafter	84,327

Transfer payments	1,366,831	1,184,893
Amortization (Schedule 1)	1,136,311	973,897
Other	225,674	249,075
	11,315,080	10,953,870

22. Segmented Information

The City provides a wide range of services to its citizens. Certain services are delivered on behalf of another level of government, a number of services are cost shared, and some services are fully funded by the municipality. Services are delivered through a number of different agencies, corporations, and divisions, with certain services delivered directly, while others may be fully or partially contracted through other organizations.

For each reported segment, revenues and expenditures represent both amounts that are directly attributable to the segment, as well as amounts that are allocated to the segment on a reasonable basis. The accounting policies used in the segments are consistent with the accounting policies followed in the preparation of these consolidated financial statements as disclosed in Note 1.

The segmented information is provided in Appendices 2 to 4 of the consolidated financial statements.

Appendix 2 includes the following segments:

- **General government** is comprised of Council, administration and amounts paid to the Municipal Property Assessment Corporation. These groups are responsible for bylaws and administrative policies, levying taxes, acquiring and managing City assets, ensuring effective financial management, planning and budgeting, monitoring financial and operating performance, and ensuring that high quality City service standards are met.
- **Protection to persons and property** is comprised of police, fire and other protective services such as By-law Enforcement, Animal Control, Vehicle and Business Licensing, Security and Provincial Offences. These groups maintain the safety and security of all citizens by reducing or eliminating loss of life and property, maintaining law enforcement, and preserving peace and good order.
- **Transportation** includes transit, roads, traffic and parking services. Transit services provide local public transportation for all citizens within the City of Toronto. Other transportation services provide planning, development, and maintenance of roads, traffic operations, parking, winter control and street lighting.
- Environmental services include water supply and distribution, wastewater treatment, and waste and recycling services. These services provide clean drinking water to residents, collect and treat wastewater, and collect and properly process waste and recycling items.
- **Health services** include paramedic and mandated health services. Mandated health services promote and maintain health programs that optimize the health of residents. Paramedic services deliver timely and effective care for pre-hospital emergency care, along with medically required inter-hospital transportation.
- **Social and family services** include social assistance, long-term care and child care services. Social assistance services determine, issue, and monitor clients' eligibility for financial, social, and employment assistance. Long-term care services provide secure and supervised health services for seniors who can no longer live at home. Child care services provide subsidized child care spaces and provide funding for wage subsidy, pay equity, and special needs.
- **Social housing** provides a range of services including high-quality housing for low and moderate income tenants, emergency shelters, outreach, search, and stabilization to people in the community.
- Recreation and cultural services include parks services, recreational programs, recreation facilities, golf courses, libraries, museums and other cultural services and activities. Parks and recreation services develop and deliver high-quality recreational programs, and develop and maintain recreational facilities, parks and sports fields to ensure all residents have the opportunity to enjoy a healthy lifestyle. Cultural services invest in local non-profit organizations that deliver services on behalf of the City. Library services provide public library services to the citizens via physical facilities, bookmobile, virtual and telephone services.
- **Planning and development** manages urban development for residential and business interests as well as infrastructure. It includes planning and zoning, commercial and industrial developments and forestry.

Appendices 3 and 4 reflect disclosure by entity which are significant agencies and corporations for the City of Toronto.

December 31, 2017 (all dollar amounts in thousands of dollars)

23. Trust Funds

Trust funds administered by the City amounting to \$26,303 (2016 - \$24,374) have not been included on the Consolidated Statement of Financial Position nor have their operations been included in the Statement of Operations and Accumulated Surplus. Separate Audited Financial Statements are prepared for funds held in Trust by the City. Trust fund balances as at December 31 are as follows:

	2017	2016
	\$	\$
Keele Valley Site Post-Closure Trust Fund (Note 11)	7,573	7,552
Homes for the Aged Trust Fund – Residents	6,303	6,279
Community Centre Development Levy Trust Fund – Railway Lands	5,010	4,941
Toronto Police Service Board Mounted Unit	1,816	-
Waterpark Place Trust Fund	1,108	1,105
Contract Aftercare Trust Fund	1,104	1,102
Community Services Levies Trust Fund	778	767
Regent Park Legacy Trust	720	713
Music Garden Trust Fund	615	615
Development Charges Trust Fund – Queen's Quay	335	340
Lakeshore Pedestrian Bridge Trust Fund	255	254
Children's Greenhouse Trust Fund – Allan Gardens	118	116
Green Lane Small Claims Trust Fund	113	111
Public Art Maintenance Trust Funds	107	221
Toronto Police Trust Funds	92	3
Preservation Trust Fund	55	54
Hugh Clydesdale Trust Fund	45	45
Michael Sansone Trust Fund	43	43
Tenant Displacement Trust Fund	28	28
90 Lisgar Street Trust Fund	21	21
Other trust funds	64	64
	26,303	24,374

24. Comparative Amounts

Certain 2016 amounts have been regrouped from consolidated financial statements previously presented, to conform with the presentation adopted in 2017.

25. Subsequent Events

CreateTO

In 2016, City Council authorized a City-wide Real Estate Review to strengthen the financial processes, strategic planning, oversight and decision-making involving its real estate portfolios. As part of the transformation, the real estate assets of some of the City's real estate entities will be managed centrally under CreateTO, a newly established agency. CreateTO's objective is to put City assets to best use by implementing a holistic, City building strategy, balancing the community and economic benefits through a consolidated framework over the next two to four years. Once the transformation is complete, CreateTO will provide real estate development and management services to the City of Toronto. This is effective January 1, 2018.

As a result of this transformational initiative, \$1,200 of restructuring costs were incurred in 2017.

CONSOLIDATED SCHEDULE OF TANGIBLE CAPITAL ASSETS – SCHEDULE 1
