Ms. Haniford:  
Hello.

Re: OPA183 and area-specific Policy No.382  
Re: 579 Yonge St.

I am the president of 1734141 Ontario Limited which owns 579 Yonge St. at the corner of Dundonald St.  
I was shocked to find out (on internet) yesterday that our building has been

designated "Heritage" without our knowledge We received no notice of an application to designate our property Heritage.  
Had we been notified, we would have filed an Objection.

Where the other landowners whose properties were designated H notified of the City's intention to designate? I noticed letters of objection from lawyers to the City in the file.

Please advise how this situation can be rectified.
