Councillor Paula Fletcher
Ward 30 Toronto-Danforth

Dear Councillor Fletcher:

RE: HEALTHCARE SUPPORTS FOR THE NEW HOPE SHELTER

Congratulations on the opening of the new Hope Shelter on Leslie St. in our catchment area. When the community engagement initiative occurred in the summer of 2016, we understood that health services would be essential for the users of the shelter. At that time, South Riverdale CHC was pleased to be asked to provide healthcare for this facility. We had been working with Bradley Harris and some of the City officials in planning how this service would be delivered. At that time, we understood there would be funding for a clinician (Nurse Practitioner) to provide the required healthcare.

At this point we have not received any communication about this position and look forward to further conversations since the shelter is now operating.

Please let me know the status of this decision.

Respectfully submitted by,

Lynne Raskin
Chief Executive Officer
