## Transportation Working Group Notes

Good morning,

We had a good meeting yesterday.

We were focused mainly on the presentation from TTC Wheel-Trans we are expecting on Wednesday. There are many questions that are not answered by the presentation handout sent to us.

Terri-Lynn has been through the appeals process and will be able to ask very focused questions based on what is written and what is reality.

We have two possible motions that may arise from the presentation:

1. Conditional eligibility as currently defined is problematic for persons with disabilities and the criteria should be changed to Unconditionally and Temporary only.
2. The TTC Wheel-Trans appeals process should be in person only with the 3 person assessment committee. (this may change – read the updated appeals process [http://www.ttc.ca/WheelTrans/How\\_to\\_Appeal.jsp](http://www.ttc.ca/WheelTrans/How_to_Appeal.jsp) )

Given that this is our last meeting until after the election, we decided not to introduce any new items.

Please let me know if you have any additions or changes to this information.

All the best,  
Monica
