Dear Ms. Archbold:

**Re: EX33.3 Development Charges By-law Review – Results of Additional Consultation**

I am writing on behalf of the Governing Council of the University of Toronto. We have reviewed the supplementary report dated April 3, 2018 and the revised by-law and are writing in support of the proposed by-law amendment recommended by staff to acknowledge the tax exemptions of colleges and universities as set out in their respective enabling legislation. The University would like to thank staff for the positive and productive consultation and respectfully requests that the Executive Committee adopt staff's recommendations. The University looks forward to continuing to work with staff through the by-law implementation phase to ensure that an efficient administration of this exemption is established.

Yours truly,

University of Toronto
