Summary

This Motion relates to a proposed or pending land acquisition by the City or one of its agencies or corporations.

Demand in the shelter system has increased by over 30 percent and there is an urgent need to add additional permanent shelter spaces and maintain respite spots during all months of the year. Based on the preliminary 2018 budget for Shelter, Support and Housing Administration and the addition of 1000 net new permanent shelter spaces and 700 year round respite spots, there is a need to acquire new sites to support this urgent need. City staff has been challenged to identify and acquire site to support the current need.

The purpose of this Motion is to direct staff to commence investigations and explore the suitability of a property that is slated for sale as a potential for a shelter site, as well as other

related City services.
