Recommendations

Councillor Mark Grimes, seconded by Councillor Justin J. Di Ciano, recommends that:

1. City Council request the General Manager, Parks, Forestry and Recreation to report through the 2019 Operating Budget process, on the feasibility, costs and impacts of enhanced park maintenance including tree and vegetation management both immediately and as a long-term management strategy within Humber Bay Shores Park.

Summary

This Motion seeks an enhanced park maintenance plan for Humber Bay Shores Park, including tree and vegetation management both immediately and as a long term management strategy.

Humber Bay Shores Park is situated along the Toronto waterfront in Ward 6, adjacent to several residential condominiums. The amphitheatre area of Humber Bay Shores Park was originally intended for public use, however due to lack of maintenance, has become overgrown and obstructive to views through the park and of the waterfront. The dense, overgrown vegetation is a magnet for refuse and illegal activity.

This Motion is urgent as the maintenance plan is required in time for submission in the 2019 operating budget.
