Re: Ron Moeser Memorial

I have known Ron Moeser and his family for over 30 years. We have worked on many projects in the community since before he became a councilor. Ron was a champion of environmental issues and worked tirelessly for the good of our community over many years. One of the ones he was most proud of was the creation of the waterfront trail. I worked with Ron as he chaired the port union Waterfront Festival for many years. He chaired this committee to create awareness of the waterfront trail since its initial construction.

The last time Ron ran for councilor I asked him why he decided to run at the last minute. He said "I have 2 things I would still like to complete before I retire. The first is to get the subway to the Zoo and the second is to complete the work on the waterfront trail for our community."

A fitting memorial for Ron would be to name that portion of the waterfront trail after Mr. Moeser. The Optimist Club of Rouge Valley fully endorses this as a fitting memorial to Ron Moeser.

Sincerely,

Roy Leslie, President  
Optimist Club of Rouge Valley

CC; Mayor John Tory
