

West Rouge Sports Recreation Association

June 2018

To: Members of City Council

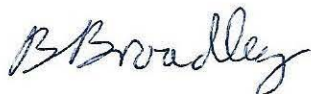

Dear City Council

In response to your community meeting held on Monday, April 23rd, 2018 we would like to let you know our associations view on the naming of a public space in memory of Ron Moeser

The West Rouge Sports & Recreation Association fully supports the wishes of the late Ron Moeser, his wife Heather and Ron's family to have part of the Port Union Waterfront Trail named in his honour. We have worked in partnership with Ron on many successful projects and community improvements during his time as our councillor. His views on our community was his passion to make it a family loving place to live. I remember going out with Ron, other public members and community members back around 1993 on a boat travelling from Bluffers Park ending at Rouge Beach showing us what the future was to be on the waterfront.

We look forward to working with you on this special project of honouring the late Ron Moeser.

Sincerely

Barbara Bradley

President of West Rouge Sports & Recreation Association
