Re: Item **PB35.6** at June 20, 2018 TPB Meeting (35 Dinnick Cres.)

I would like to strongly support the recommendations of the Director, Urban Design, that City Council include the property at 35 Dinnick Crescent on the City's Heritage Register and that it state its intention to designate this property under Part IV, Section 29 of the Ontario Heritage Act.

35 Dinnick Crescent (known as the Albert E. Knox House), with its prominent location on a corner lot, contributes significantly to the heritage character of the neighbourhood. The proposed alterations would result in a drastic change in the appearance of the house and are entirely out of keeping with the spirit of the proposed heritage conservation district.

Thank you for your consideration.
