Subject: RE: Keele Finch Plus Report to NY Community Council: Some Highlights

Dear Keele Finch Planners

I am a member of the Duke Heights BIA Board and have favored a town at Keele and Finch.

Your report seems to indicate we are headed in this direction.

Congratulations on the Report. There is a lot of good things on stream.

Joe Pantalone pointed out that my property at 20 Tangiers Road has been designated as a possible park.

I run an active business and have long decided that my retirement project will be putting up a fitting structure on the property.

I wonder if as part of the process we may have some dialogue.

DH
