City Clerk

Attention: Nancy Martins, Administrator, Planning and Growth Management Committee

I submit the following request to correct the following error in one of the schedules for the Proposed City-Initiated Official Plan Amendment pertaining to the Downtown Secondary Plan. **MAP 41-14 Cultural Corridors and King-Spadina and King-Parliament Cultural Precincts** should be amended to extend the John Street Cultural Corridor southward to link with the Queens Quay Cultural Corridor. While John Street from Stephanie Street to Front Street has been redesigned and its reconstruction advancing, the Class Environmental Assessment Study (2012) leading to this transformation acknowledges that this is only an initial phase in bring to fruition the entire extent of the cultural corridor as initially identified in 'Canada's Urban Waterfront: Waterfront Culture and Heritage Infrastructure Plan' (City of Toronto, 2001). This would also be consistent with and reinforce the policies associated with the Shoreline Stitch (7.28 to 7.29).

Thank you

H
