**Re: Macedo Winery by the Glass Permit application to the Alcohol and Gaming Commission of Ontario**

Dear Chair and Members,

I received a request from the owner of Macedo Winery that they require a resolution from the local Municipal Councillor in order to obtain a Manufacturer's Limited Liquor Sale licence, which would allow for a "sales by the glass" permit for their brewery at 30 Ossington Ave.

**Recommendation:**

That the Toronto and East York Community Council recommend that:

1. City Council support the Macedo Winery application to the Alcohol and Gaming Commission of Ontario for a Manufacturer's Limited a manufacturing licence, and its inherent authority to retail to the public licence at its Macedo Wines and Organics location.

Thank you for your consideration.
