One Hour Parking on Heward

Dear Chair and Members of the Toronto and East York Community Council,

Recently my office has received a petition from residents of Heward Avenue, requesting that Transportation Services look into instituting a 1-HR limit during weekdays. A 1-HR limit is more proactively enforced by Parking Enforcement and ensures that residential streets are not used as a de facto commuter parking lot.

I would like to thank the residents of Heward who worked to get the signatures and I ask that Community Council support this request.

Recommendations:

1. That the Director of Transportation Services, Toronto and East York, report to the May 2nd meeting of the Toronto and East York Community Council on instituting a 1-HR maximum (permit parking excepted) on Heward Avenue between Queen Street and Eastern Avenue, 10AM to 6PM, Monday to Friday.

Respectfully,

Paula Fletcher
City Councillor
Ward 30, Toronto Danforth
