

REPORT FOR ACTION

12, 14 and 16 York Street - Amendments to Section 16 Agreement and Road Closure Authorization

Date: April 16, 2018
To: Toronto and East York Community Council
From: Senior Strategic Director, Capital Projects, Transportation Services
Wards: Ward 20 - Trinity-Spadina
Ward 28 - Toronto Centre-Rosedale

SUBJECT

This is to advise that the report 12, 14 and 16 York Street - Amendments to Section 16 Agreement and Road Closure Authorization will be on the agenda of the Toronto and East York Community Council meeting on May 2nd, 2018.

The purpose of this report is to seek Council authorization to further amend the Section 16 Agreement applicable to 12, 14 and 16 York Street so that the developer (Lanterra Developments) is required to carry out the construction of the York Street PATH tunnel connection via a partial closure of York Street. Although a partial closure of York Street will extend the duration of construction, it will significantly reduce the congestion impacts of this work.

Transportation Services is finalizing negotiations with the developer.
