

## **Installation of On-Street Accessible Parking Space - April 2018 (Non-Delegated)**

**Date:** April 12, 2018  
**To:** Toronto and East York Community Council  
**From:** Acting Director, Transportation Services, Toronto and East York District  
**Wards:** Ward 30, Toronto-Danforth

### **SUMMARY**

---

The purpose of this report is to obtain approval for the installation of an on-street accessible parking space for persons with disabilities.

As the Toronto Transit Commission (TTC) operates a transit service on the subject street, City Council approval of this report is required.

### **RECOMMENDATIONS**

---

The Director, Transportation Services Division, Etobicoke York District, recommends that:

1. City Council authorize the installation of an on street accessible parking space at the location identified in Appendix A attached to the report dated April 12, 2018, from the Acting Director, Transportation Services, Toronto and East York District.

### **FINANCIAL IMPACT**

---

Funds in the amount of \$300.00 are available within the Transportation Services Division's 2018 Operating Budget.

### **DECISION HISTORY**

---

This report addresses an ongoing initiative.

The Transportation Services Division receives a number of requests for the installation/removal of on-street accessible parking spaces for persons with disabilities. Some of these requests come directly from members of the public and others are received through the local Councillors' offices.

The installation of designated on-street accessible parking spaces is a convenience provided for people with disabilities and/or those who transport them, making it easier for them to find available parking as near as possible to their places of residence or intended destinations and reducing the distances that the disabled people must walk. Delays in installing these on-street accessible spaces may create hardships for disabled applicants.

## **COMMENTS**

---

Transportation Services staff have investigated the feasibility of installing an on-street accessible parking space at the location identified in Appendix A included in this report. The subject street is served by a regular TTC transit route.

The applicant is a holder of a valid Accessible Parking Permit issued by the Ministry of Transportation and the designated space will not result in the loss of more than one on-street parking space for general use.
