Dear Chair and Members,

Re: TE33.88 – Speed Humps – Robert Street

At its June 6, 2018 meeting, Toronto and East York Community Council approved the installation of speed humps on Robert Street. Since this decision, my office has been advised by City Legal and Transportation Services that formally waiving the petition and polling requirements is also required as part of the approval.

As such the item requires re-opening and waiving of the poll requirements.

Recommendations:

1. Toronto and East York Community Council re-open item TE33.88 entitled "Traffic Calming - Speed Humps – Robert Street".
2. Toronto and East York Community Council amend Item TE33.88 by adding the following new Recommendation 2:
 - "2. Toronto and East York Community Council waive the petition and polling requirements of the Traffic Calming Policy and authorize the installation of traffic calming (speed humps) on Robert Street, between Willcocks Street and Harbord Street".

Sincerely,

Joe Cressy
