Toronto and East York Community Council  
Committee Room 1  
Toronto City Hall, 100 Queen West  
Toronto, ON M5H 2N2

Dear Chair and Members,

**Re: Traffic Regulations and Speed Bumps – Sussex Mews**

Building streets that are safe for all road users – pedestrians, cyclists, and motorists – is the responsibility of all of us.

My office has heard a number of concerns from area residents regarding Sussex Mews, a laneway in Harbord Village. Transportation Services have reviewed the concerns, and are recommending that the speed limit be lowered on the laneway, but that speed bumps also be installed.

My office and the local neighbourhood are both in agreement with the recommendations.

**It is recommended that:**

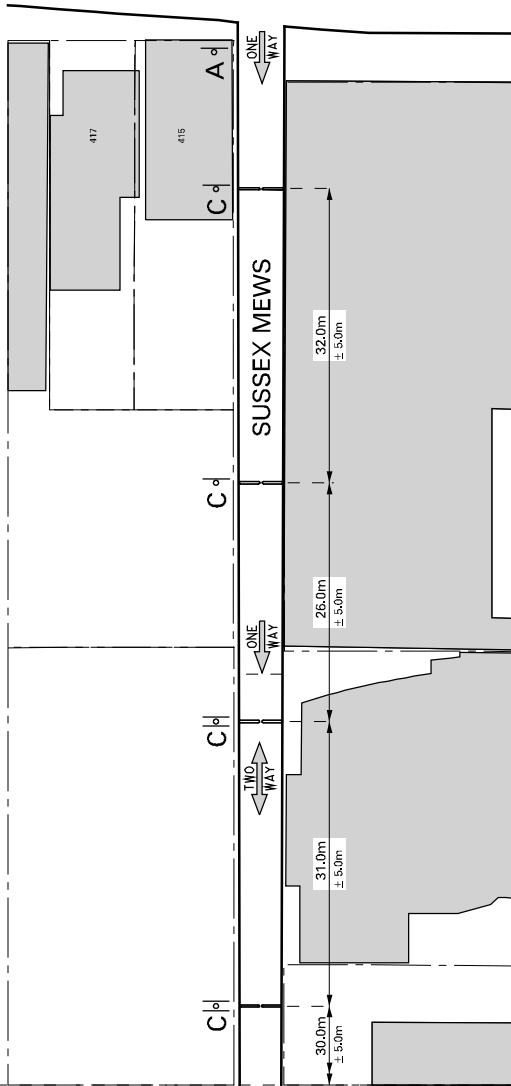

1. Toronto and East York Community Council rescind the existing speed limit of 40 km/h on Sussex Mews, between Harbord Street and Bloor Street West.
2. Toronto and East York Community Council authorize the installation of speed bumps on Sussex Mews, between Bloor Street West and Sussex Avenue, as shown on the attached Drawing No. 421G-3128 dated July 2018.

Sincerely,
