About Wiseman Creative

As Wiseman Creative I have collaborated with artists, brands, not-for-profit, and city branches to produce art based creative events. Recent projects include collaborating with Leslieville BIA on their Annual Wanderlust event, which included a two street closures with craft beer, food and live music as well as a tree lighting ceremony in Leslie Grove Park. Over the last 4 years I have produced my own events featuring food, music and the arts as well as similar events for brands such as Grolsch, Peroni, Pilsner Urquell, I also have experience integrating events with organizations such as Toronto International Film Festival, Luminato, Canadian Stage and Canadian Music Week. This recent experience builds on 13 years of working in the music business at record labels including Maple Music and Arts & Crafts, where I built strong relationships with influential agents, manager, publicists, and artists.

Please let me know if I could provide further information about myself, my work or The Art of Craft Beer. Below are some links and I've attached a one sheet of the events I've produce recently.
