Subject: Remington's / TIFF Liquor service Extension request (non-objection)

Hello Ellen, Melissa & Councillor Wong-Tam

It's Dave from Remington's Men of Steel reaching out to you again this year for a request from Councillor Wong-Tam to support our application to extend the liquor service hours to 4:00 am for TIFF with the city of Toronto counsel's approval (non-objection). We are hoping for an early approval so we may plan accordingly. I have attached to this email all of the required documents I believe you will need to process our application.

A keynote to keep in mind, this will be the last year Remington's Men of Steel will operate, closing its doors end of September due to the redevelopment of the property out of our control. Remington's, a landmark in the community for 25 years in the LGBT community will be missed. We are hoping the city will support us in this request.

Dates are as follows for the Thursday to Sunday on both weekends to 4:00 am.

Sept 6-9th, 2018

Sept 13-16th, 2018

The main event is the 14th annual Pink List party on Sept 9th. The secondary event, Rainbow Road Charity Fundraiser by Easy A Events will be on Sept 13th.

This will be our 5th year if approved, that we have had the extension to 4:00 am to better serve the community and film industry as outlined in the package.

Since 2014 the counsellor has supported our application and received city councils approval for the 8 days of TIFF we requested in which we submitted to the AGCO for approval to which the AGCO granted us the request.

I remember she had only one question was with regards to licensed areas. This is indoor only in our current licensed areas. No outdoor activity.

Can you confirm receipt of this email and when we may receive a response?

Sincerely,

Dave Auger
General Manager
Remington's Men of Steel
