RE: 2019.PH2.4 on February 26, 2019 City Council with respect to lands known as 5509 Dundas Street West, Toronto

Dear Mayor Tory and Members of Council

I writing on behalf of my client, 5509 Dundas LP, the registered owner of the lands known municipally as 5509 Dundas Avenue West in the City of Toronto.

The above mentioned lands are currently designated "Mixed Use Areas" in the City of Toronto Official Plan and are subject to Site and Area Specific Policy # 367 of the Official Plan further articulating the redevelopment goals for the site. The lands are not identified in any municipal planning document as Employment Lands or Employment Area. The lands are, however, identified as part of the QEW 427 Provincially Significant Employment Zone 13 in the provided online mapping.

We respectfully request that Council request the Province update its mapping to reflect the City's own existing designations and specifically that the subject lands be removed from the proposed Provincially Significant Employment Zone mapping. Furthermore, we suggest that Council request that the Province add policy language to clarify that municipal designations prevail within the PEZs.

We have provided excerpts from the City of Toronto Official Plan to illustrate the current land use designation applicable to the subject site.

Thank you for your consideration,

URBAN STRATEGIES INC.
